Rare edition with unique illustrations. Kipling wrote some of the best animal stories for children, including his Jungle Books and Just So stories. His language is rich, inventive, and sonorous. He is regarded as a major innovator in the art of the short story; his children's books are classics of children's literature. This is an adaptation of a famous Rudyard Kipling story, which explains how the elephant got its trunk. The story is set in Africa, when the world was new and elephants did not have trunks.

Albania provides a small amount of social assistance to nearly 20% of its population through a system which allows a degree of community discretion in determining distribution. This study investigates the poverty targeting of this program. It indicates that relative to other safety net programs in low income countries, social assistance in Albania is fairly well targeted to the poor.

No.1 bestseller Michael Palin's epic journey from the North Pole to the South Pole. 'The cracked and fissured ice-pack offers no comfortable reassurance - no glimmer of any reward to the traveller who has made his way to the top of the world. The Arctic Ocean, known to the Victorians as the Sea of Ancient Ice, stares balefully back as we descend towards it, reflecting nothing but the question: Why?' Michael Palin's adventure begins when he is enrolled in the Royal and Ancient Polar Bear Society... Travelling by train, truck, raft, Ski-Doo, barge, balloon and bicycle, Michael Palin experiences every extreme the world has to offer. Braving the cold grip of the Arctic Circle, and the swirling snowstorms of Spitsbergen, Palin has to cope with friendly locals, occasional gunfire and his own unruly digestive system before he can finally stand in Scott's shoes at the South Pole, in the Land of the Midnight Sun.

"Only small secrets need to be protected. The large ones are kept secret by the public's incredulity." - Marshall McLuhanThe media's favorite "hoax" is the Q Anon movement. Is it a joke? Is it dangerous? Who's involved and how did it begin? "Q Anon, An Invitation to The Great Awakening," explains the phenomena with the help of 12 citizen journalists-from the very first Q post right up until present day.

From New York Times bestselling author Sabrina Jeffries, the deliciously sexy fourth book in the "Duke's Men" Regency romance series-the first of which was called "a totally engaging, adventurous love story" (RT Book Reviews, Top Pick). The heir presumptive to the Viscount Rathmoor, Dominick Manton once had his heart's desire within reach-a bright future as a barrister and engagement to Jane Vernon, a wealthy baron's daughter. Then a shattering betrayal by his vindictive brother George snatched away Dom's inheritance and his hopes of offering Jane a secure future. Brokenhearted, and attempting to end their engagement without destroying Jane's reputation, Dom staged a betrayal of his own to convince her that he's not the husband-to-be that she thought. Now George is gone and the viscounty restored to Dom, since his brother's widow, Nancy-Jane's cousin and closest confidant-never bore an heir. But when Nancy goes missing, a panicked Jane calls on her former fiancé to track down her cousin. Dom knows the mistakes of the past may be unforgiveable-but now, entangled together in mystery and danger, will they rekindle a passionate longing that was never lost to begin with?

On November 12, 1912, a rescue team trekking across Antarctica's Great Ice Barrier finally found what they sought - the snow-covered tent of the British explorer Robert Falcon Scott. Inside, they made a grim discovery: Scott's frozen body lay between the bodies of two fellow explorers. They had died just eleven miles from the depot of supplies which might have saved them. Why did Scott's meticulously laid plans finally end in disaster, while his rival, Norwegian Roald Amundsen, returned safely home with his crew after attaining the Pole only days before the British team? In a newly revised and updated version of her original book, Diana Preston, returns to Antarctica and explores why Scott's carefully planned expedition failed, ending in tragedy.

The 2012 PLA (People's Liberation Army) conference took place at a time when the Chinese Communist Party (CCP) was making its leadership transition from Hu Jintao to Xi Jinping. The conference discussion focused on the developments in China's national security and in the PLA during the Hu Jintao Administration from 2002 to 2012. Key observations are presented in this volume. The most significant ones are Hu Jintao's promulgation of the new Historic Missions for the PLA, and Hu's complete handover of power to his successor. The former has turned on the green light for the PLA to go global. The latter is a milestone is the CCP's institution building.
