See history. Understand history. Praised by instructors and students alike, the first edition of Visions of America has brought history to life for a generation of visual learners—and has shown how competing visions of America have shaped our nation's past. We've made the second edition of this program even better by adding engaging new features and even easier access to new teaching resources. And, thorough integration with the new MyHistoryLab enables instructors to personalize learning for each student. A better teaching and learning experience This program will provide a better teaching and learning experience—for you and your students. Here's how: Personalize Learning - The new MyHistoryLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Improve Critical Thinking - Chapter openers and end-of-chapter study materials that are tied to MyHistoryLab combine visual sources, narrative, and questions to help students study effectively. Engage Students - Features focusing on visions that have shaped America and images are integrated with the new MyHistoryLab for a comprehensive learning program. Support Instructors - MyHistoryLab, Annotated Instructor's eText, MyHistoryLab Instructor's Guide, Teaching Images with Teaching Notes, Class Preparation Tool, Instructor's Manual, MyTest, and PowerPoints are available to be packaged with this text. For volume two of this text, search ISBN-10: 0205092683 For the combined volume of this text, search ISBN-10: 0205092667 Note: MyHistoryLab does not come automatically packaged with this text. To purchase MyHistoryLab, please visit: www.myhistorylab.com or you can purchase a ValuePack of the text + MyHistorylab (at no additional cost): ValuePack ISBN-10: 0205251625 / ValuePack ISBN-13: 9780205251629.

ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that youselect the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, you may need a CourseID, provided by your instructor, to register for and use Pearson's MyLab & Mastering products. Packages Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase. Used or rental books If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code. Access codes Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase. --

Social Problems in a Diverse Society provides students and instructors with a text that covers all the major social concerns we must deal with today. It focuses on the significance of racialization and ethnicity, age, sexual orientation, class, ability, and gender in understanding social problems in Canada and around the globe. Throughout the text, people—especially those from marginalized groups—are shown not merely as "victims" of social problems, but also as individual actors with agency who resist discrimination and inequality and seek to bring about change in families, schools, workplaces, and the larger society.

The fourth Canadian edition of Social Problems in a Diverse Society focuses on the significance of racialization and ethnicity, age, sexual orientation, class, ability, and gender in understanding social problems in Canada and around the globe. Throughout the text, people - especially those from marginalized groups—are shown not merely as "victims" of social problems, but also as individual actors with agency who resist discrimination and inequality and seek to bring about change in families, schools, workplaces, and the larger society.

The Power of Good Deeds allows us to see behind the media image of upper-class women and to observe how these women use their social power not only to benefit other, less-fortunate people, but also to benefit themselves and their families. Kendall's ethnographic research yields the personal narratives of elite women as they describe their views on philanthropy, the need for exclusivity in their by-invitation-only volunteer organizations (such as the Junior League and The Links), their childhood experiences and college years in prestigious schools and sororities, and the debutante presentations and other upper-class rituals in which they participate. By participating in meetings and social functions with elite women in several Texas cities, and conducting systematic interviews, the author gained unprecedented access to elite women across racial and ethnic categories. The Power of Good Deeds provides new insights and greater depth to our knowledge about the upper classes and how the charitable activities of privileged women contribute to the process of legitimization, maintaining an ideology of class-based and race-based segregation in the United States.

Althusser and Law is the first book specifically dedicated to the place of law in Louis Althusser's philosophy. The growing importance of Althusser's philosophy in contemporary debates on the left has - for practical and political, as well theoretical reasons - made a sustained consideration of his conception of law more necessary than ever. As a form of what Althusser called 'Ideological State Apparatuses', law is at the forefront of political struggles: from the destruction of Labour Law to the exploitation of Patent Law; from the privatisation of Public Law to the ongoing hegemony of Commercial Law; and from the discourse on Human Rights to the practice of judicial courts. Is Althusser still useful in helping us to understand these struggles? Does he have something to teach us about how law is produced, and how it is used and misused? This collection demonstrates that Althusser's ideas about law are more important, and more contemporary, than ever. Indeed, the contributors to Althusser and Law argue that Althusser offers a new and invaluable perspective on the place of law in contemporary life.

Framing Class explores how the media, including television, film, and news, depict wealth and poverty in the United States. Fully updated and revised throughout, the second edition of this groundbreaking book now includes discussions of new media, updated media sources, and provocative new examples from movies and television, such as The Real Housewives series and media portrayals of the new poor and corporate executives in the recent recession. The book introduces the concepts of class and media framing to students and analyzes how the media portray various social classes, from the elite to the very poor. Its accessible writing and powerful examples make it an ideal text or supplement for courses in sociology, American studies, and communications.

Interviews describe ghetto life
