Damn Close Run Thing

It has been a damned nice thing □ the
nearest run thing you ever saw in your
life. The history of a battle, is not
unlike the history of a ball. Some
individuals may recollect all the little
events of which the great result is the
battle won or lost, but no individual can
recollect the order in which, or the
exact moment at which, they occurred,
which makes all the difference as to
their value or importance.

The phrase 'a damn close run thing' is often attributed (incorrectly as it happens) to Sir Arthur Wellesley, the 1st Duke of Wellington in reviewing his victory over Napoleon Bonaparte at the Battle of Waterloo. Whoever wins the United States presidential election in November 2012, almost certainly will be entitled to pass the same judgment.☐

A Damn Close-Run Thing. As Monday was a Bank Holiday, Dean 's girlfriend had gone to America for three weeks and Ninjasaurus Rex was awake, we gathered together for our first game of Blücher, the new Napoleonic rules from Sam Mustafa. It has been over a quarter of a century since I last played a Napoleonic wargame (besides two games of Shako, fifteen years ago...), so I was looking forward to this as I have also been wanting to get back on the Napoleonic horse for a while.
