Using a computer. The main screen you'll start from is the desktop. This is sort of like a main menu or a table of contents. From here, you can access the programs and features you need to use your computer. Icons are used to represent the different files, applications, and commands on your computer. An icon is a small image that's intended to give you an idea at a glance of what it represents, like a logo.

Ideal computer specifications are determined by your specific use case. For example, how fast your PC needs to be depends on what you plan to do with it. For a gaming PC, a fast processor and sufficient RAM as well as a powerful graphics card prove important. If you plan to use your computer for browsing the web and simple productivity tasks, such as
