Drury's Flagship title Management and Cost Accounting was first published in 1985, and is now in its 10th edition. It established itself as one of the leading management accounting textbooks in EMEA. It is known, not just for its rigour and authority but particularly for Drury's down-to-earth style that reflected his background as a practising accountant before his involvement in academia.

...

The aim of the seventh edition is to explain the principles involved in the design and evaluation of management and cost accounting information systems. The emphasis in the book is on management accounting systems - those that are used to accumulate, classify, summarize and report information that will be used for internal decision-making purposes within an organisation.
