~~Ancient and Modern Britons : a retrospect by David MacRitchie~~

Ancient and Modern Britons portrays the black British natives as savages, cannibals, and during the Middle Ages, as outlaws, rapists and thieves. The white skinned fair-haired invaders (who arrived just before Caesar's invasions of Britain) in contrast are depicted as the civilizers who were justified in exterminating the blacks because they were an inferior barbaric race.

Who were the first Britons, and what sort of world did they occupy? In *A History of Ancient Britain*, much-loved historian Neil Oliver turns a spotlight on the very beginnings of the story of Britain; on the first people to occupy these islands and their battle for survival. There has been human habitation in Britain, regularly interrupted by Ice Ages, for the best part of a million years. The last retreat of the glaciers 12,000 years ago brought a new and warmer age and with it, one of the greatest tsunamis recorded on Earth which struck the north-east of Britain, devastating the population and flooding the low-lying plains of what is now the North Sea. The resulting island became, in time, home to a diverse range of cultures and peoples who have left behind them

Through what is revealed by the artefacts of the past, Neil Oliver weaves the epic story - half a million years of human history up to the departure of the Roman Empire in the Fifth Century AD. It was a period which accounts for more than ninety-nine per cent of humankind's presence on these islands. It is the real story of Britain and of her people.
