“Build a better brew by mastering 10 manual methods, from French Press to Chemex, with this comprehensive guide.” —Imbibe Magazine Named a top food & drink book of 2017 by Food Network, Wired, Sprudge, and Booklist This comprehensive but accessible handbook is for the average coffee lover who wants to make better coffee at home. Unlike other coffee books, this one focuses exclusively on coffee—not espresso—and explores multiple pour-over, immersion, and cold-brew techniques on 10 different devices. Thanks to a small but growing number of dedicated farmers, importers, roasters, and baristas, coffee quality is at an all-time high. But for nonprofessionals, achieving café quality at home can seem out of reach. With dozens of equipment options, conflicting information on how to use that equipment, and an industry language that, at times, doesn’t seem made for the rest of us, it can be difficult to know where to begin. Craft Coffee: A Manual, written by a coffee enthusiast for coffee enthusiasts, provides all the information readers need to discover what they like in a cup of specialty coffee—and how to replicate the perfect cup day after day. From the science of extraction and brewing techniques to choosing equipment and deciphering coffee bags, Craft Coffee focuses on the issues—cost, time, taste, and accessibility—that home coffee brewers negotiate and shows that no matter where you are in your coffee journey, you can make a great cup at home. “Engaging and fun . . . I really can’t recommend Craft Coffee: A Manual enough. If you’re even mildly curious about brewing coffee at home, it’s absolutely worth a read.” —BuzzFeed

A guide for beginners offers diagrams and instructions for creating and updating computer networks in the home and office, covering new technologies, troubleshooting, and security.

“In the decades that Kevin Sinnott has spent meeting with and interviewing hundreds of coffee professionals, rather than crossing over to the dark side and becoming one himself, he has taken what he has learned and translated it from coffee geek-speak into English. Why? For the sole purpose of allowing you to better enjoy your coffee. In short, if you like coffee, you will love this book.” —Oren Bloostein, proprietor of Oren’s Daily Roast There is no other beverage that gives you a better way to travel the world than coffee. You can literally taste the volcanic lava from Sumatra, smell the spice fields of India, and lift your spirits to the Colombian mountaintops in your morning cup of joe. The Art and Craft of Coffee shows you how to get the most out of your coffee, from fresh-roasted bean to hand-crafted brew. In The Art and Craft of Coffee, Kevin Sinnott, the coffee world’s most ardent consumer advocate, educates, inspires, and caffeinates you. Inside you will find: Delicious recipes for dozens of coffee and espresso beverages

"Good Earth Art" contains over 200 easy fun art projects that develop an awareness of the environment and a caring attitude towards the earth. Projects use common materials collected from nature or recycled. The book is filled with sensible creative ideas to help recycle and reuse through art, for all ages, and includes a charted Table of Contents, two indexes, and a great list of environmental resources. 1992 Benjamin Franklin Gold Award 1992 Midwest Book Association Gold Award for Excellence

Art: A Visual History is the complete visual guide to Western art, now updated and repackaged in a themed slipcase. How to tell Impressionism from Expressionism, a Degas from a Monet, early Medieval art from early Christian? Art: A Visual History explains it all - painting, sculpture, great artists, styles, and schools - and will help you answer the question, "What makes great art?" Art: A Visual History includes: + More than 650 artists and all the major schools and movements, all arranged chronologically. + Close-up focus on 22 masterpieces, from Ancient Greek sculpture to 1960s Pop Art. + Well-known icons along with lesser-known gems - carefully chosen to illuminate the points made in the text. + Features on major schools and movements to explore and explain their stylistic trademarks, characteristics, and favored subjects. Art: A Visual History is a knowledgeable, thought-provoking, and accessible tour of the creators of Western art. Reviews: "With its solid, accessible information and hundreds of excellent, full-color reproductions, this is ideal for high school or college students as well as any art lover or museumgoer." - Library Journal (Starred Review)

An all-inclusive guide to New York City features little-known resources and amusements, tips on dealing with the city's problems, and advice on the best services, shopping, and restaurants, all organized into useful categories such as Arts & Diversions, Coping, Services, Restaurants, Spirits, Sports, and Stores. Original.

One of 2016’s BEST COOKBOOKS*, THE Pie-Baking Bible**, an INSTANT CLASSIC***, with raves from NPR, Oprah.com, USA Today, Bon Appetit, Cosmopolitan, Outlander Kitchen, and more “A new baking bible.” (*Wall Street Journal) “If there’s such a thing as a pie guru, it’s Kate McDermott.” (*Sunset Magazine) “The next best thing to taking one of her classes.”(*The Washington Post) “Gorgeous...a dream of a cookbook.” (*Eat Your Books) “Heartwarming and funny...an instructive debut.” (*Library Journal) “Utterly exquisite, will steal your heart. RUN, don’t walk, to order your copy. (**The Blender Girl) “Not just on crusts and fillings but life itself. A keeper.” (**Atlanta Journal-Constitution) “Whether you’re a seasoned pie hand or a beginner with more enthusiasm than skill, Kate’s got you covered.” (Dorie Greenspan) “One of the best books written on the topic.” (Publishers Weekly) Kate McDermott, who learned to make pie from her Iowa grandmother, has taught the time-honored craft of pie-making to thousands of people. Here she shares her secrets to great crusts (including gluten-free options), fabulous fillings, and to living a good life. This is the only PIE cookbook you need.
