In this Hugo Award–winning alternative history classic—the basis for the Amazon Original series—the United States lost World War II and was subsequently divided between the Germans in the East and the Japanese in the West. It's America in 1962. Slavery is legal once again. The few Jews who still survive hide under assumed names. In this world, we meet characters like Frank Frink, a dealer of counterfeit Americana who is himself hiding his Jewish ancestry; Nobusuke Tagomi, the Japanese trade minister in San Francisco, unsure of his standing within the bureaucracy and Japan's with Germany; and Juliana Frink, Frank's ex-wife, who may be more important than she realizes. These seemingly disparate characters gradually realize their connections to each other just as they realize that something is not quite right about their world. And it seems as though the answers might lie with Hawthorne Abendsen, a mysterious and reclusive author, whose best-selling novel describes a world in which the US won the War... *The Man in the High Castle* is Dick at his best, giving readers a harrowing vision of the world that almost was. “The single most resonant and carefully imagined book of Dick’s career.” —New York Times

The idea of "The Green Book" is to give the Motorist and Tourist a Guide not only of the Hotels and Tourist Homes in all of the large cities, but other classifications that will be found useful wherever he may be. Also facts and information that the Negro Motorist can use and depend upon. There are thousands of places that the public doesn't know about and aren't listed. Perhaps you know of some? If so send in their names and addresses and the kind of business, so that we might pass it along to the rest of your fellow Motorists. You will find it handy on your travels, whether at home or in some other state, and is up to date. Each year we are compiling new lists as some of these places move, or go out of business and new business places are started giving added employment to members of our race.

A guide to collecting the television magazine which includes fifty years of national and regional covers, a history of television programming, a publication history of the guide, and a table of the current market value for each issue.

Dentre tantos outros, o mérito inicial deste trabalho é ser proposicional. Mostrar a partir do recorte catarinense o cenário nacional do universo midiático público. Aquilo presente na parte representa o todo – premissa basilar do paradigma da Complexidade – e a amostragem estudada – as nove emissoras não comerciais em Santa Catarina – comprovou: em tese públicas, a quase totalidade, excetuando as universitárias, se atravessassem a rua e adotassem a identidade comercial, poucos notariam a alteração, e até seria mais verdadeiro. São TVs públicas, porque foram agraciadas com uma concessão para esta modalidade específica, não públicas, de–ne o autor. Este livro aponta os meandros relacionados aos serviços de radiodifusão e as derivadas deturpações no usufruto das concessões não comerciais, pormenoriza conceitos, gêneros, categorias e a legislação relativa à radiodifusão pública, radiografa os cenários midiáticos brasileiro e catarinense e, o principal, propõe as incontornáveis mudanças nos quadrantes regimental, ético e legal para o necessário e efetivo fortalecimento da, sempre a perigo, Comunicação Pública digna do nome. (Álvaro Nunes Laranjeira)
