Auditing and Assurance Services: Business, Finance Never Highlight a Book Again! Just the FACTS101 study guides give the student the textbook outlines, highlights, practice quizzes and optional access to the full practice tests for their textbook.

Developed by Helen Roybark of Radford University. New to the 4th edition, this companion resource offers students the opportunity to practice chapter material, reinforce key terms, and complete activities relating to the case study, "Townsend Office Supplies and Equipment."

Focusing on auditing as a judgment process, this unique textbook helps readers strike the balance between understanding auditing theory and how an audit plays out in reality. The only textbook to provide complete coverage of both the International Auditing and Assurance Standards Board and the Public Company Accounting Oversight Board, Auditing reflects the contemporary evolution of the audit process. New additions to the book include expert updates on key topics, such as the audit of accounting estimates, group audit, and the Integrated Audit. Supplemented by extra on-line resources, students using this established text will be well-equipped to be effective auditors and to understand the role of auditing in the business world.

The fourth edition of Auditing & Assurance Services is the most up-to-date auditing text on the market. All chapters and modules in the fourth edition have been revised to incorporate professional standards through SAS 116, AS7, international standards of auditing (ISAs), and unnumbered standards adopted through July 2009. New terminology from the AICPA's Clarity Project has been incorporated throughout the book. In addition, all chapters include new problems, Kaplan CPA Review simulations, and comprehensive case questions. Fraud awareness, a thorough understanding of internal controls, and the ability to use technology effectively are the hallmarks of a successful auditor in business today. With Auditing & Assurance Services, 4th edition, students are prepared to take on auditing's latest challenges. As a leader in fraud coverage, it is accompanied by the Apollo Shoes Case, the only standalone FRAUD audit case on the market (available online on the book's OLC). The text is also designed to provide flexibility for instructors; the twelve chapters focus on the auditing process while the eight modules provide additional topics that can be taught at the instructor's discretion without interrupting the flow of the text.

Includes coverage of international standards and global auditing issues, in addition to coverage of PCAOB Auditing Standards, the risk assessment SASs, the Sarbanes/Oxley Act, and Section 404 audits.

Provides today's learners with a solid understanding of how to audit accounting information systems with the innovative INFORMATION TECHNOLOGY AUDITING, 4E. New and expanded coverage of enterprise systems and fraud and fraud detection topics, such as continuous online auditing, help learners focus on the key topics they need for future success. Readers gain a strong background in traditional auditing, as well as a complete understanding of auditing today's accounting information systems in the contemporary business world. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This new edition is written with two major objectives: (1) to help readers understand audit decision making and evidence accumulation, and (2) reflect changes in the profession by integrating assurance and attestation service as well as risk issues. This 8th edition introduces two new tools that practitioners use to assess risk and to identify assurance service opportunities: Client Strategy Templates and Balanced Scorecards.
