Sunbelt Publications : Baja California
Plant Field Guide ...

Rebman and Roberts' Baja California Plant Field Guide is a seminal work and an absolute necessity for anybody interested in making the great leap over the border, where the California Floristic Province gradually transforms into the landscape of the Sonoran Desert, and later, into a climate and landscape that has more of an affinity with Mainland Mexico (i.e., dry winters and wet, tropical summers) than it does with a climate and landscape resembling anything even remotely

Online Library Baja California Plant Field Guide Californian.

Baja California Plant Field Guide

Over 715 different plants in more than 350 genera in 111 families are described in the third and newest edition of Baja California Plant Field Guide. Authored by the 2011 San Diego Horticulturist of the Year, Dr. Jon P. Rebman, the book offers tribute to the late Norman C. Roberts, author of the first two editions.

The Nat | Baja California Plant Field Guide

In 1882 Charles Orcutt, a naturalist living in San Diego, collected his first plant specimen from Baja California. This was just eight years after the San Diego Society of Natural History was founded. Thus began what is now the Baja California
