She is a conflation of many of Bellocq's subjects: the woman pictured above who is reminiscent of John Everett Millais's Ophelia, a woman visiting a fellow sex worker dying from venereal disease, a scantily clad woman enjoying a drink of rye, a pensive woman formally dressed in pearls and feathers, a nude woman awkwardly arching her back.

A collection of poems offers glimpses into the life and thoughts of an African American prostitute in pre-World War I New Orleans.

19th Poet Laureate of the United States " A powerful, beautifully crafted book. " —The Washington Post " Ripe with the perfidies and paradoxes of thralldom both personal and public, it is utterly elegant. " —Elle Charting the intersections of public and personal history, Thrall explores the historical, cultural, and social forces that determine the roles to which a mixed-race daughter and her white father are consigned. In a brilliant series of poems about the taxonomies of mixed unions, Natasha Trethewey creates a fluent and vivid backdrop to her own familial predicament. While tropes about captivity, bondage, knowledge, and enthrallment permeate the collection, Trethewey unflinchingly examines our shared past by reflecting on her history of small estrangements and by confronting the complexities of race and the deeply ingrained and unexamined notions of racial difference in America. " *Natasha Trethewey ' s* Thrall is simply the finest work of her already distinguished career . . . Rarely has any poetic intersection of cultural and personal histories felt more inevitable, more painful, or profound. " —David St. John, author of *The Face: A Novella in Verse* " A voice that not only expands the position of [poetry], but helps us better understand ourselves. Her poems tell stories of loss and reckoning, both personal and historical. " —Dr. James Billington, Librarian of Congress

In this debut collection, Natasha Trethewey draws moving domestic portraits of families, past and present, caught in the act of earning a living and managing their households. Small moments taken from a labour-filled day reveal the equally hard emotional work of memory and forgetting, and the extraordinary difficulty of trying to live with or without someone.

The Language of Vision celebrates and interprets the complementary expressions of photography and literature in the South. Southern imagery and text affect one another, explains Joseph R. Millichap, as intertextual languages and influential visions. Focusing on the 1930s, and including significant works both before and after this preminent decade, Millichap uncovers fascinating convergences between mediums, particularly in the interplay of documentary realism and subjective modernism. Millichap's subjects range from William Faulkner's fiction, perhaps the best representation of literary and graphic tensions of the period, and the work of other major figures like Robert Penn Warren and Eudora Welty to specific novels, including Ralph Ellison's *Invisible Man* and James Agee's *Let Us Now Praise Famous Men*. Fleshing out historical and cultural background as well as critical and theoretical context, Millichap shows how these texts echo and inform the visual medium to reveal personal insights and cultural meanings. Warren's fictions and poems, Millichap argues, redefine literary and graphic tensions throughout the late twentieth century; Welty's narratives and photographs reinterpret gender, race, and class; and Ellison's analysis of race in segregated America draws from contemporary photography. Millichap also traces these themes and visions in Natasha Trethewey's contemporary poetry and prose, revealing how the resonances of these artistic and historical developments extend into the new century. This groundbreaking study reads southern literature across time through the prism of photography, offering a brilliant formulation of the dialectic art forms.

Two-time U.S. Poet Laureate and Pulitzer Prize winner Natasha Trethewey's new and selected poems, drawing upon *Domestic Work*, *Bellocq's Ophelia*, *Native Guard*, *Congregation*, and *Thrall*, while also including new work written over the last decade.

Mississippi has produced outstanding writers in numbers far out of proportion to its population. Their contributions to American literature, including poetry, rank as enormous. *Mississippi Poets: A Literary Guide* showcases forty-seven poets associated with the state and assesses their work with the aim of appreciating it and its place in today ' s culture. In Mississippi, the importance of poetry can no longer be doubted. It partakes, as Faulkner wrote, of the broad aim of all literature: " to uplift man ' s heart. " In *Mississippi Poets*, author Catharine Savage Brosnan introduces readers to the poets themselves, stressing their versatility and diversity. She describes their subject matter and forms, their books, and particularly representative or striking poems. Of broad interest and easy to consult, this book is both a source of information and a showcase. It highlights the organic connection between poetry by Mississippians and the indigenous music genres of the region, blues and jazz. No other state has produced such abundant and impressive poetry connected to these essential American forms. Brosnan profiles and assesses poets from the twentieth and twenty-first centuries. Grounds for selection include connections between the poets and the state; the excellence and abundance of their work; its critical reception; and both local and national standing. Natives of Mississippi and others who have resided here draw equal consideration. As C. Liegh McInnis observed, " You do not have to be born in Mississippi to be a Mississippi writer. . . . If what happens in Mississippi has an immediate and definite effect on your work, you are a Mississippi writer. "

The *Oxford Handbook of Modern and Contemporary American Poetry* gives readers a cutting-edge introduction to the kaleidoscopic world of American poetry over the last century. Offering a comprehensive approach to the debates that have defined the study of American verse, the twenty-five original essays contained herein take up a wide array of topics: the influence of jazz on the Beats and beyond; European and surrealist influences on style; poetics of the disenfranchised; religion and the national epic; antiwar and dissent poetry; the AIDS epidemic; digital innovations; transnationalism; hip hop; and more. Alongside these topics, major interpretive perspectives such as Marxist, psychoanalytic, disability, queer, and eccritical are incorporated. Throughout, the names that have shaped American poetry in the period—Ezra Pound, Wallace Stevens, Marianne Moore, Mina Loy, Sterling Brown, Hart Crane, William Carlos Williams, Posey, Langston Hughes, Allen Ginsberg, John Ashbery, Rae Armantrout, Larry Eigner, and others—serve as touchstones along the tour of the poetic landscape.

Beyond Katrina is poet Natasha Trethewey ' s very personal profile of her natal Mississippi Gulf Coast and of the people there whose lives were forever changed by Hurricane Katrina in 2005. Trethewey ' s attempt to understand and document the damage to Gulfport started as a series of lectures at the University of Virginia that were subsequently published as essays in the *Virginia Quarterly Review*. For *Beyond Katrina*, Trethewey expanded this work into a narrative that incorporates personal letters, poems, and photographs, offering a moving meditation on the love she holds for her childhood home. In this new edition, Trethewey looks back on the ten years that have passed since Katrina in a new epilogue, outlining progress that has been made and the challenges that still exist.

United States Poet Laureate Natasha Trethewey (b. 1966) describes her mode as elegiac. Although the loss of her murdered mother informs each book, Trethewey ' s range of forms and subjects is wide. In compact sonnets, elegant villanelles, ballad stanzas, and free verse, she creates monuments to mixed-race children of colonial Mexico, African American soldiers from the Civil War, a beautiful prostitute in 1910 New Orleans, and domestic workers from the twentieth-century North and South. Because her white father and her black mother could not marry legally in Mississippi, Trethewey says she was " given " her subject matter as " the daughter of miscegenation. " A sense of psychological exile is evident from her first collection, *Domestic Work* (2000), to the recent *Thrall* (2012). Biracial people of the Americas are a major focus of her poetry and her prose book *Beyond Katrina*, a meditation on family, community, and the natural environment of the Mississippi Gulf Coast. The interviews featured within *Conversations with Natasha Trethewey* provide intriguing artistic and biographical insights into her work. The Pulitzer Prize–winning poet cites diverse influences, from Anne Frank to Seamus Heaney. She emotionally acknowledges Rita Dove ' s large impact, and she boldly positions herself in the southern literary tradition of Faulkner and Robert Penn Warren. Commenting on " Pastoral," " South," and other poems, Trethewey guides readers to deeper perception and empathy.
