Go on a counting adventure with your favourite animals in this noisy board book for little ones. With six high-quality animal sounds to press and count, easy-to-grip tabbed pages, and lots of cute animals to meet, this interactive book will appeal to young children and encourage early learning skills. Give your child a head start before they start school with this fun and educational children's book. With this unique book children can count the animal sounds as they press each button. Learning to count abstract things such as sounds is part of the early years curriculum and this book lets your child practise this skill, getting them ready for school. Parents will love the other ways that this noisy book supports preschool learning; the tabs encourage little ones to turn the pages all by themselves, and joining in with the rhyme and copying the animal noises helps children get ready for reading. Children will love meeting the playful animals, including one tooting elephant squirting water, two oinking pigs splashing in the mud, and three lions playing chase. The lively pictures, together with the fun rhyme, ensure that children will be eager to return to this animal book again and again. Learning to count and name animals has never been so much fun!
