The New York Times bestselling author of *Chase the Lion* reveals seven powerful habits that can help you tackle God-sized goals by turning yesterday's regrets and tomorrow's anxieties into fuel for a better today. "This book will change the trajectory of your life."—John Maxwell, #1 New York Times bestselling author, entrepreneur, and leadership expert

Too many people delay, downsize, or shrug off their dreams just because they don't know where to start, but playing it safe doesn't account for the massive cost of a life not fully lived. *Win the Day* is the jump-start you need to go after your goals, one day at a time. You'll discover how to:

1. Flip the Script: If you want to change your life, start by changing your story.
2. Kiss the Wave: The obstacle is not the enemy; the obstacle is the way.
3. Eat the Frog: If you want God to do the super, you've got to do the natural.
4. Fly the Kite: How you do anything is how you'll do everything.
5. Cut the Rope: Playing it safe is risky.
6. Wind the Clock: Time is measured in minutes; life is measured in moments.
7. Seed the Clouds: Sow today what you want to see tomorrow.

As Batterson unpacks each of these daily habits, you'll see how simple it is to pursue them with focus and dedication—not someday down the road, but now. Transform your perspective of a single day and you'll discover the potential waiting to be

If you like expert advice, easy-to-follow instructions, and a down-to-earth teacher, then you'll love Sheryl Kline's incredible resource.

IF PUBLIC SPEAKERS WERE SUPERHEROES, WHAT WOULD THEIR SUPERPOWERS BE? AND, COULD YOU DEVELOP THOSE SUPERPOWERS YOURSELF? Author Carma Spence asked these questions of dozens and dozens of speakers and discovered the answer was, "Yes!" Three out of every four people suffer from speech anxiety, and research suggests that people who don't confront and overcome that fear are less successful in their careers and lives. However, people often look at successful speakers as superheroes with superpowers they, as mere mortals, could never possess. Drawing from extensive research and interviews with business and professional speakers, Public Speaking Super Powers will show you how to: How to overcome the fear of speaking Develop the skills needed to be a success on the stage, such as storytelling and humor Master techniques like a superhero speaker, such as audience engagement, and using your voice, body language and eye contact effectively and much more... There is even a bonus chapter on the business of speaking. Unleash your inner Public Speaking Superhero and communicate your message with confidence starting today!

"When you've found your life's purpose, work becomes meaningful to you. If you want to discover and live your purpose, read Nicholas Pearce's book. Not only will it inspire you to become who you were born to be, it also will show you how." - Ken Blanchard, New York Times bestselling coauthor of *The One Minute Manager®* How to build a meaningful career with a moral center and a purpose in the world. Some of the world's most successful companies—Google, Disney, Starbucks—are not simply profit-driven, but purpose-driven. They identify the purpose behind why they do what they do, and let their "why" drive what they do every day. Nicholas Pearce argues that we all should do the same: discover our "why" and commit to the journey of aligning our daily work with our life's work. The Purpose Path is for people in any field who long to have more than just a job or a career, but a true vocation that allows them to connect their soul with their role. The Purpose Path is organized around five key questions: What is success? Who am I? Why am I here? Am I running the right race? Am I running the race well? Nicholas Pearce sits at the unconventional intersection of academia, business, and faith. With examples and advice, he shows how he and other people in a variety of fields and at different life stages have asked and answered these five questions in order to start, shape, or even radically change their careers. Inspiring, thought-provoking, and practical, *The Purpose Path* is an essential book for anyone who seeks the clarity and courage to advance their authentic life's work every day.

Credited with sparking the current memoir explosion, Mary Karr's *The Liars' Club* spent more than a year at the top of the New York Times list. She followed with two other smash bestsellers: *Cherry* and *Lit*, which were critical hits as well. For thirty years Karr has also taught the form, winning teaching prizes at Syracuse. (The writing program there produced such acclaimed authors as Cheryl Strayed, Keith Gessen, and Koren Zailckas.) In *The Art of Memoir*, she synthesizes her expertise as professor and therapy patient, writer and spiritual seeker, recovered alcoholic and "black belt sinner," providing a unique window into the mechanics and art of the form that is as irreverent, insightful, and entertaining as her own work in the genre. Anchored by excerpts from her favorite memoirs and anecdotes from fellow writers' experience, *The Art of Memoir* lays bare Karr's own process. (Plus all those inside stories about how she dealt with family and friends get told—and the dark spaces in her own skull probed in depth.) As she breaks down the key elements of great literary memoir, she breaks open our concepts of memory and identity, and illuminates the cathartic power of reflecting on the past; anybody with an inner life or complicated history, whether writer or reader, will relate. Joining such classics as Stephen King's *On Writing* and Anne Lamott's *Bird by Bird*, *The Art of Memoir* is an elegant and accessible exploration of one of today's most popular literary forms—a tour de force from an accomplished master pulling back the curtain on her craft.

Learn how to achieve success—and eat your marshmallows, too—with this motivational, life-changing book. What explains the difference between success

Online Library Bo Eason Personal Story Power Pack 7mp3 1 Mp4 2

and failure? And what does it mean to you and your children? The answer lies in a landmark Stanford University study. Children were left in a room, each with a marshmallow, and given the choice of eating it then or fifteen minutes later, when they were promised an extra marshmallow as a reward for waiting. Some ate theirs right away. Others waited. But the study's real significance came a decade later when the researchers discovered that the children who held out for the reward had become more successful adults than the children who gobbled their marshmallows immediately. The lesson wasn't lost on Joachim de Posada, a world-renowned motivational speaker to thousands of corporate executives and professional athletes. The "marshmallow theory" answered a thirty-year quest to find a compelling explanation for why some people succeed and others fail. Posada was convinced that the key difference between success and failure is not merely hard work or superior intelligence but the ability to delay gratification. "Marshmallow resisters" achieve high levels of success while the rest of us eat all our marshmallows at once, so to speak—accumulating debt and dissatisfaction no matter what our occupations or incomes. But it doesn't have to be that way. Using a simple parable and real-life examples (including basketball great Larry Bird and major league baseball catcher Jorge Posada, Joachim's cousin), this book shows you how the moves you make today can pay off big tomorrow—if you just don't eat the marshmallow...yet!

"The Dream Society . . . provides dramatic insights into how marketing will operate in the 21st century."Atlanta Business Chronicle A fascinating look into the future of business, as featured in Fast Company The future is uncertainthe world is constantly changing. While anything can happen, some things are far more likely than others. Rolf Jensen, internationally renowned futurist, provides readers with a tangible look at what the future will be like over the next 25 years. By identifying what lies ahead, Jensen gives people the knowledge they need to make informed decisions and strategically align themselves to capitalize on the unknown future, a future Jensen calls "the Dream Society." This dream society is characterized by the commercialization of emotions. In this provocative exploration, Jensen says that it will no longer be enough to produce a useful product. He shows that, for a product to be successful, its primary purpose will be the ability to fulfill an emotional need. Those who understand the workings of this dream society will be the ones who create the new products, new markets, and new businesses that dominate the
