Born to Be Good is a profound study of how emotion is the key to living the good life and how the path to happiness goes through human emotions that connect people to one another.

Born to Be Good: The Science of a Meaningful Life: Amazon **---**

"Born to Be Good: The Science of a Meaningful Life", by Dacher Keltner, is a book by a UC-Berkeley professor of psychology; it's about how and why people are able to be good and/or happy. Dacher Keltner's "Born to Be Good" is in a whole different world, emotionally, than what you see in the daily news. Rather than reading it with a feeling of tension, a mix of excitement and dread, reading "Born to Be Good" was light, optimistic, and reassuring.
