with three essential innovation sourcing capabilities needed to excel in purchasing:

- (1) Purchasing needs to explore unmet needs and anticipate future competitive advantages by working closely with other functions and clients;
- (2) it needs to explore external opportunities beyond first-tier suppliers;
- and (3) it needs to involve suppliers in innovation projects that consistently deliver results over time.

Business Model Innovation. Clients today clamor for "innovation" from their service providers, yet frequently complain that they don't get the fresh ideas and new approaches needed to drive ambitious transformative business agendas. One fundamental obstacle to innovation may be what clients are asking for and the manner in which they ask for it.
