~~Beginners (2020
Update)~~

This is just what the title says, an absolute beginner's guide. I had to purchase it for my intro to programming class, and I think my instructor said it perfectly. This will not make you a C programmer, but it will introduce you to the basic concepts, show

Online Library C Programming

you how things are structured, and will prepare you (should you desire to continue learning C) for the more advanced material.

Beginner ...~~

It's not an absolute
beginner's guide for "C
Programming" it is an
absolute beginner's
guide for programming

Online Library C Programming

in general, and it happens to use C as the instruction language. So, in general, I would recommend the book for someone who hasn't touched programming before and wants to start with C. I wouldn't recommend starting with C, though.
