Software architecture - Wikipedia

Page 32/45

Access PDF Can Software Architecture Review

Partly motivated by this reasoning, a new software architecture evaluation method called DCAR was proposed in [21]. DCAR uses architectural decisions as the basic concept in the architecture evaluation. Another central concept in DCAR

Access PDF Can Software Architecture Review

is a decision force—that is, any fact or viewpoint that has pushed the decision in a certain direction [31]. Forces can be requirements, or existing decisions (e.g., technology choices, previous experiences, political or economical considerations, etc.).

Software Architecture & Design
Introduction - Tutorialspoint
Software architecture evaluation
methods can be divided into four
main categories, i.e., experience-
based, simulation-based,
mathematical modeling based.

Access PDF Can Software Architecture Review

Methods in the categories can be used independently but also be combined to evaluate different aspects of software architecture, if needed.
