(Applause Libretto Library). In a Maine coastal village toward the end of the 19th century, swaggering, carefree carnival barker Billy Bigelow captivates and marries naive millworker Julie Jordan. Billy loses his job just as he learns that Julie is pregnant, and desperately intent upon providing a decent life for his family he is coerced into being an accomplice to a robbery. Caught in the act and facing the certainty of prison, he takes his own life and is sent "up there." Billy is allowed to return to earth for one day 15 years later, and he encounters the daughter he never knew. She is a lonely, friendless teenager, her father's reputation as a thief and bully having haunted her throughout her young life. How Billy instills a sense of hope and dignity in both the child and her mother is a dramatic testimony to the power of love. It's easy to understand why, of all the shows they created, Carousel was Rodgers and Hammerstein's personal favorite.

This book explores the Broadway legacy of choreographer Agnes de Mille, from the 1940s through the 1960s. Six musicals are discussed in depth - Oklahoma!, One Touch of Venus, Bloomer Girl, Carousel, Brigadoon, and Allegro. Oklahoma!, Carousel, and Brigadoon were de Mille's most influential and lucrative Broadway works. The other three shows exemplify aspects of her legacy that have not been fully examined, including the impact of her ideas on some of the composers with whom she worked; her ability to incorporate a previously conceived work into the context of a Broadway show; and her trailblazing foray into the role of choreographer/director. Each chapter emphasizes de Mille's unique contributions to the original productions. Several themes emerge in looking closely at de Mille's Broadway repertoire. Character development remained at the heart of her theatrical work work. She often took minor characters, represented with minimal or no dialogue, and fleshed out their stories. These stories added a layer of meaning that resulted in more complex productions. Sometimes, de Mille's stories were different from the stories her collaborators wanted to tell, which caused many conflicts. Because her unique ideas often got woven into the fabric of her musicals, de Mille saw her choreography as an authorship. She felt she should be given the same rights as the librettist and the composer. De Mille's work as an activist is an aspect of her legacy that has largely been overlooked. She contributed to revisions in dance copyright law and was a founding member of the Stage Directors and Choreographers Society, a theatrical union that protects the rights of directors and choreographers. Her contention that choreographers are authors who have their own stories to tell offers a new way of understanding the Broadway musical.

A revelatory portrait of the creative partnership that transformed musical theater and provided the soundtrack to the American Century They stand at the apex of the great age of songwriting, the creators of the classic Broadway musicals Oklahoma!, Carousel, South Pacific, The King and I, and The Sound of Music, whose songs have never lost their popularity or emotional power. Even before they joined forces, Richard Rodgers and Oscar Hammerstein II had written dozens of Broadway shows, but together they pioneered a new art form: the serious musical play. Their songs and dance numbers served to advance the drama and reveal character, a sharp break from the past and the template on which all future musicals would be built. Though different in personality and often emotionally distant from each other, Rodgers and Hammerstein presented an unbroken front to the world and forged much more than a songwriting team; their partnership was also one of the most profitable and powerful entertainment businesses of their era. They were cultural powerhouses whose work came to define postwar America on stage, screen, television, and radio. But they also had their failures and flops, and more than once they feared they had lost their touch. Todd S. Purdum's portrait of these two men, their creative process, and their groundbreaking innovations will captivate lovers of musical theater, lovers of the classic American songbook, and young lovers wherever they are. He shows that what Rodgers and Hammerstein wrought was truly something wonderful.

Carousel (1945), with music by Richard Rodgers and the book and lyrics by Oscar Hammerstein II, was their second collaboration following the surprising success of Oklahoma! (1943). They worked again with Theresa Helburn and Lawrence Langner of the Theatre Guild (producers), Rouben Mamoulian (director), and Agnes de Mille (choreographer). But with Oklahoma! still running to sell-out houses, they needed to do something quite different. Based on a play, Liliom (1909), by the Hungarian playwright Ferenc Moln\u00e1r, Carousel took Broadway musical theater in far darker directions because of its subject matter--the protagonist, Billy Bigelow, is wholly an anti-hero--and also given its extensive music that some claimed came close to opera. The action is shifted from a gritty working-class suburb of Budapest to the New England coast (Maine), but the themes remain the same as two social misfits try to survive harsh economic times. Billy Bigelow is unemployed, prone to domestic violence, and dies in the course of committing a robbery; Julie Jordan sticks by him through thick and thin; and the show seeks some manner of redemption for both of them as Billy is given a day back on earth to do some good for his wife and their daughter. Troubling though these matters are nowadays, they fit squarely in the context of a country moving through the end of World War II to an uncertain future. Not for nothing had composers such as Giacomo Puccini and Kurt Weill already tried to persuade Moln\u00e1r to release his play. It also led Rodgers and Hammerstein to new heights: songs such as "If I Loved You," Billy's "Soliloquy," and "You'll Never Walk Alone" transformed the American musical. In this book, we discover how and why they came about, and exactly what Carousel was trying to achieve.

The play takes place partly in Budapest, Hungary, and partly in a waiting area just outside Heaven. The story concerns Liliom, a tough, cocky carousel barker who falls in love with Julie, a young woman who works as a maid. When both lose their jobs, Liliom begins mistreating Julie out of bitterness--even slapping her once--although he loves her. When she discovers she is pregnant, he is deliriously happy, but, unbeknownst to Julie, he agrees to participate with his friend Ficsur, a criminal, in a hold-up to obtain money to provide for the child. Liliom is unwilling to leave Julie and return to his jealous former employer, the carousel owner Mrs. Muskat, and feels that the robbery is his only way left to obtain financial security. The hold-up is a disaster, but Ficsur escapes, and Liliom kills himself to avoid capture. He is sent to a fiery place, presumably Purgatory. Sixteen years later, he is allowed to return to Earth for one day to do a good deed for his now teenage daughter, Louise, whom he has never met. If he succeeds, he will be allowed to enter Heaven. He fails in the attempt, and is presumably sent to Hell. The ending, though, focuses on Julie, who obviously remembers Liliom fondly.
