Catherine as Dowager Queen of France, from the workshop of François Clouet, ca. 1560. Catherine de' Medici (Italian: Caterina de' Medici, pronounced [kate'ri'na de 'm??dit'i]; French: Catherine de Médicis, pronounced [kat'in d? medisis]; 13 April 1519 – 5 January 1589) was an Italian noblewoman. She also was queen consort of France from 1547 until 1559, by marriage to King Henry II, and mother of kings Francis II, Charles IX and Henry III from 1559 to 1589.

~~Catherine de' Medici - Wikipedia~~

Catherine de' Medici was the queen consort of Henry II of France (1547–59) and regent of France. She was one of the most influential personalities of the Catholic–Huguenot wars (Wars of Religion; 1562–98). Three of her sons were kings of France: Francis II, Charles IX, and Henry III.

The pretentiousness is by getting caterina de medici un ricamo a punto filza as one of the reading material. You can be hence relieved to admittance it because it will meet the expense of more chances and further for far along life. This is not forlorn roughly the perfections that we will offer.

Catherine de' Medici (1519-89) was the wife of one king of France and the mother of three more - the last, sorry representatives of the Valois, who had ruled France since 1328. She herself is of preeminent importance to French history, and one of the most controversial of all historical figures. Despised until she was powerful enough to be hated, she was, in her own lifetime and since, the subject of a "Black Legend" that has made her a favourite subject of historical novelists (most notably Alexandre Dumas, whose Reine Margot has recently had new currency on film). Yet there is no recent biography of her in English. This new study, by a leading scholar of Renaissance France, is a major event. Catherine, a neglected and insignificant member of the Florentine Medici, entered French history in 1533 when she married the son of Francis I for short-lived political reasons: her uncle was pope Clement VII, who died the following year. Now of no diplomatic value, Catherine was treated with contempt at the French court even after her husband's accession as Henry II in 1547. Even so, she gave him ten children before he was killed in a tournament in 1559. She was left with three young boys, who succeeded to the throne as

Francis II (1559-60), Charles IX (1560-74) and Henry III (1574-89). As regent and queen-mother, a woman and with no natural power-base of her own, she faced impossible odds. France was accelerating into chaos, with political faction at court and religious conflict throughout the land. As the country disintegrated, Catherine's overriding concern was for the interests of her children. She was tireless in her efforts to protect her sons' inheritance, and to settle her daughters in advantageous marriages. But France needed more. Catherine herself was both peace-loving and, in an age of frenzied religious hatred, unbigoted. She tried to use the Huguenots to counterbalance the growing power of the ultra-Catholic Guises but extremism on all sides frustrated her. She was drawn into the violence. Her name is ineradicably associated with its culmination, the Massacre of St Bartholomew (24 August 1572), when thousands of Huguenots were slaughtered in Paris and elsewhere. To this day no-one knows for certain whether Catherine instigated the massacre or not, but here Robert Knecht explores the probabilities in a notably level-headed fashion. His book is a gripping narrative in its own right. It offers both a lucid exposition of immensely complex events (with their profound impact on the future of France), and also a convincing portrait of its enigmatic central character. In going behind the familiar Black Legend, Professor Knecht does not make the mistake of whitewashing Catherine; but he shows how intractable was her world, and how shifty or intransigent the people with whom she had to deal. For all her flaws, she emerges as a more sympathetic - and, in her pragmatism, more modern - figure than most of her leading contemporaries.

Poisoner, despot, necromancer -- the dark legend of Catherine de Medici is centuries old. In this critically hailed biography, Leonie Frieda reclaims the story of this unjustly maligned queen to reveal a skilled ruler battling extraordinary political and personal odds -- from a troubled childhood in Florence

File Type PDF Caterina De Medici

to her marriage to Henry, son of King Francis I of France; from her transformation of French culture to her fight to protect her throne and her sons' birthright. Based on thousands of private letters, it is a remarkable account of one of the most influential women ever to wear a crown.

“The Confessions of Catherine de Medici is a dramatic, epic novel of an all-too-human woman whose strength and passion propelled her into the center of grand events. Meticulously-researched, this engrossing novel offers a fresh portrait of a queen who has too often been portrayed as a villain. Bravo Mr. Gortner!”—Sandra Gulland, author of *The Josephine B Trilogy* and *Mistress of the Sun* The truth is, not one of us is innocent. We all have sins to confess. So reveals Catherine de Medici, the last legitimate descendant of her family’s illustrious line. Expelled from her native Florence, Catherine is betrothed to Henri, son of François I of France. In an unfamiliar realm, Catherine strives to create a role for herself through her patronage of the famous clairvoyant Nostradamus and her own innate gift as a seer. But in her fortieth year, Catherine is widowed, left alone with six young children in a kingdom torn apart by the ambitions of a treacherous nobility. Relying on her tenacity, wit, and uncanny gift for compromise, Catherine seizes power, intent on securing the throne for her sons, unaware that if she is to save France, she may have to sacrifice her ideals, her reputation, and the secret of her embattled heart. **BONUS:** This edition contains a *The Confessions of Catherine de Medici* discussion guide and an excerpt from C.W. Gortner's *The Queen's Vow*. Praise for *The Confessions of Catherine de Medici* “Alison Weir and Philippa Gregory fans will devour this.”—Booklist “Highly recommended . . . a compelling and fascinating view of Catherine’s life and world.”—Historical Novels Review “Remarkably thoughtful in its insight into an unapologetically ruthless queen.”—Publishers Weekly “A fresh, well-researched and powerful portrait.”—RT Book Reviews

"Catherine de' Medici (Italian: Caterina de' Medici, 13 April 1519? 5 January 1589), daughter of Lorenzo II de' Medici and of Madeleine de La Tour d'Auvergne, was a Franco/Italian noblewoman who was Queen consort of France from 1547 until 1559, as the wife of King Henry II of France. In 1533, at the age of fourteen, Caterina married Henry, second son of King Francis I and Queen Claude of France. Under the gallicised version of her name, Catherine de Médicis, she was Queen consort of France as the wife of King Henry II of France from 1547 to 1559. Throughout his reign, Henry excluded Catherine from participating in state affairs and instead showered favours on his chief mistress, Diane de Poitiers, who wielded much influence over him. Henry's death thrust Catherine into the political arena as mother of the frail fifteen-year-old King Francis II. When he died in 1560, she became regent on behalf of her ten-year-old son King Charles IX and was granted sweeping powers. After Charles died in 1574, Catherine played a key role in the reign of her third son, Henry III. He dispensed with her advice only in the last months of her life."--Wikipedia.

she emerges as a more sympathetic - and, in her pragmatism, more modern - figure than most of her leading contemporaries.

Leaving her native Florence to marry Henry II of France, Catherine de Medici embarks on an unanticipated destiny of religious warfare, thwarted leadership and psychologically charged royal machinations. By the author of *The Last Queen*.

From the New York Times-bestselling author: She is the wealthiest and most envied girl in all of Italy—but she yearns for freedom... Young Catherine de' Medici is the sole heiress to the entire fortune of the wealthy Medici family. But her life is far from luxurious. After a childhood spent locked away behind the walls of a convent, she joins the household of the pope, where at last she can be united with her true love. But, all too soon, that love is replaced with an engagement to a boy who is cold and aloof. It soon becomes clear that Catherine will need all the cunning she can muster to command the respect she deserves as one of sixteenth-century France's most powerful queens, in this riveting historical novel in the *Young Royals* series. “This captivating tale of the rise of this Italian merchant family is seldom portrayed, and it plays out delightfully in this well-written novel.”—*School Library Journal* “A sympathetic, engrossing portrait of a noble girl who, later in life, became a feared queen... With meticulous historical detail, sensitive characterizations, and Catherine's strong narration, Meyer's memorable story of a fascinating young woman who relies on her intelligence, rather than her beauty, will hit home with many teens.”—*Booklist* Includes a family tree
