Poetry heals. In a world torn by strife and shaken by stress, poetry is what children need. Poetry Magic takes children to the magical world of poetry and aspires to inculcate in them a love for it. Selected and edited by two of India's greatest living poets, Ruskin Bond and Keki N Daruwalla, these books are carefully graded into eight parts. Also available web support at www.ratnasagar.co.in

WHAT'S NEW in CCE Edition? The revised edition of Communicate in English, based on the CCE approach and extensive feedback from schools, will empower learners to communicate and express themselves in English. It will also equip them for a rapidly changing global scene. This edition reflects the changing trends and developments in the communicative approach. KEY FEATURES OF THE SERIES * The books in this series are carefully graded and classroom-tested. * The texts are based on interesting and contemporary topics. The latest relevant information on issues like ENDANGERED ANIMALS, SPORTS and ENVIRONMENT has been included. * A short introductory activity at the beginning of each lesson/unit warms up the student for the text to come. * Exhaustive exercises have been given to develop the skills of comprehension, vocabulary, grammar, punctuation, communication and dictionary reference. The grammar section is well-graded with definitions, interactive grammar tasks and activities. * The HOTS questions focus on critical thinking and analytical skills of the students, rather than memorizing skills. * The writing section has enough practice in functional and imaginative writing. Scaffolding in the writing tasks will help to develop confidence in students. * Enjoyable interactive group tasks give learners a framework to practise the language meaningfully. * The series provides extensive language practice through stimulating learner-centred creative tasks. Also available TEACHER'S HANDBOOKS WEB SUPPORT at ELT VIRTUAL RESOURCE CENTRE www.ratnasagar.co.in

Lakhmir Singh's Science is a series of books which conforms to the NCERT syllabus. The main aim of writing this series is to help students understand difficult scientific concepts in a simple manner in easy language. The ebook version does not contain CD.

These books can be used with any English Reader and serve as workbooks or grammar practice books. The exercises are varied and well-graded. They are structured in such a way that the children progress from easy exercises to slightly more complex tasks. They consist of crosswords, wordsearches, word ladders, picture-based drills and other interesting activities. The Composition section includes descriptive and picture compositions. Also available Teacher's Handbooks and web support www.ratnasagar.co.in

Living Science for Classes 9 and 10 have been prepared on the basis of the syllabus developed by the NCERT and adopted by the CBSE and many other State Education Boards. Best of both, the traditional courses and the recent innovations in the field of basic Physics have been incorporated. The books contain a large number of worked-out examples, illustrations, illustrative questions, numerical problems, figures, tables and graphs.

E for Environment is a series of books on Environmental Education developed jointly by TERI (The Energy and Resources Institute), a pioneering institute in the field of energy and resources, and Ratna Sagar formulated in accordance with the NCF guidelines. The series hopes to inculcate in students the spirit of conservation of natural resources and respect for environment.

Living Science for Classes 9 and 10 have been prepared on the basis of the syllabus developed by the NCERT and adopted by the CBSE and many other State Education Boards. Best of both, the traditional courses and the recent innovations in the field of basic Physics have been incorporated. The books contain a large number of worked-out examples, illustrations, illustrative questions, numerical problems, figures, tables and graphs.
