Note: Chilton does not provide local labor costs as there are too many variables to consider with each repair and locality. Once you have the number of hours for an expected operation you can call around to get local labor rates and that combined with the labor times should give you a good idea of what a repair might cost.

Flat-rate labor is applied to labor guides. A certain amount of time is involved on replacing a car starter on a certain year, make and model vehicle. If the labor guide dictates it takes 2.3 hours to replace the starter, then the customer pays for the new starter, plus the 2.3 hours of labor to install it.
