~~Designing High Density Cities for Social and Environmental~~

This opts for imperfect and "clumsy solutions". It is argued that clumsy solutions, the four rationalities and related concepts fit Jane Jacobs' claim for more diversity in urban design. This essentially calls for imperfect cities by design, 'built' by Jacobs' generators for diversity. Although this outcome might not be revolutionary in the current debates about urban design, the concept of clumsy solutions provide a foundation for Jane Jacobs' atheoretical claim for a diverse ...
