Cities of the Plain is an interesting name for the section starting Chapter 3 in Lewis Mumford's The City in History. The two prominent urban areas emerging in the chapter are that of the Nile Delta and the Mesopotamian plain. The comparison of these two urban areas tell of the city rising from the villages as a new form of organization.

**Topical Bible: Cities of the Plain**

Cities of the Plain. The cities of the plain (RSV, "cities of the valley") are the five cities—Sodom, Gomorrah, Admah, Zeboim, and Zoar—thought to be located near the southern end of the Dead Sea. The narrative of Genesis 14:1 associates these five cities and locates them in the Valley of Siddim, the Dead Sea.

The story opens in 1952. John Grady Cole (the protagonist of All the Pretty Horses) and Billy Parham (the protagonist of The Crossing) work together on a cattle ranch south of Alamogordo, New Mexico, not far from the border cities of El Paso, Texas, and Ciudad Juárez in the state of Chihuahua, Mexico. The ranch's owners are kind but face an uncertain future in a dying industry.

The conclusion of the Border trilogy describes the friendship of John Grady Cole and Billy Parham, two cowboys working on a New Mexico ranch in the 1950s

With an introduction by novelist Rachel Kushner in the vanishing world of the Old West, two cowboys begin an epic adventure, and their own coming-of-age stories. In All the Pretty Horses, John Grady Cole's search for a future takes him across the Mexican border to a job as a ranch hand and an ill-fated romance. The Crossing is the story of sixteen-year-old Billy Parham, who sets off on a perilous journey across the mountains of Mexico, accompanied only by a lone wolf. Eventually the two come together in Cities of the Plain, in a stunning tale of loyalty and love. A true classic of American literature, The Border Trilogy is Cormac McCarthy's award-winning requiem for the American frontier. Beautiful and brutal, filled equally with sorrow and humour, it is a powerful story of two friends growing up in a world where blood and violence are conditions of life.

This handsome edition of McCarthy's completed Border Trilogy in one volume gives the reader one of the most important works of American fiction of the last decades. McCarthy's work is far more than a western, but crosses the borders between fiction and philosophy, the real and the world of dream. With influences ranging from the traditional western; the coming-of-age story; the courtly romance; classical tragedy; and magical realism, McCarthy's masterpiece is a work to be read and read again. This new volume containing all three of the novels, All the Pretty Horses, The Crossing, and Cities of the Plain, is a welcome addition to the canon of McCarthy's works in print.

NATIONAL BOOK AWARD WINNER • NATIONAL BESTSELLER • The first volume in the Border Trilogy, from the Pulitzer Prize–winning author of The Road All the Pretty Horses is the tale of John Grady Cole, who at sixteen finds himself at the end of a long line of Texas ranchers, cut off from the only life he has ever imagined for himself. With two companions, he sets off for Mexico on a sometimes idyllic, sometimes comic journey to a place where dreams are paid for in blood.

In the continuing redefinition of the American West, few recent writers have left a mark as indelible as Cormac McCarthy. A favorite subject of critics and fans alike despite—or perhaps because of—his avoidance of public appearances, the man is known solely through his writing. Thanks to his early work, he is most often associated with a bleak vision of humanity grounded in a belief in man's primordial aggressiveness. McCarthy scholar Barclcy Owens has written the first book to concentrate exclusively on McCarthy's acclaimed western novels: Blood Meridian, National Book Award winner All the Pretty Horses, The Crossing, and Cities of the Plain. In a thought-provoking analysis, he explores the differences between Blood Meridian and the Border Trilogy novels and shows how those differences reflect changing conditions in contemporary American culture. Owens captures both Blood Meridian's wanton violence and the Border Trilogy's fond remembrance of the Old West. He shows how this dramatic shift from atavistic brutality to nostalgic Americana suggests that McCarthy has finally given his readers what they most want—the stuff of their mythic dreams. Owens's study is both an incisive look at one of our most important and demanding authors and a penetrating analysis of violence and myth in American culture. Fans of McCarthy's work will find much to consider for ongoing discussions of this influential body of work.

In the 1930s, Billy and his family come to Hidalgo County, New Mexico, where he becomes obsessed with a wild wolf that lives a precarious existence threatened by the region's ranchers.

The Sins of the Cities of the Plain (1881) is an erotic novel attributed to Irish prostitute Jack Saul. Published by William Lazenby, a prominent printer of Victorian erotica, The Sins of the Cities of the Plain is considered to be one of the first works of literature dedicated to homosexuality in the English language. "Saul, Jack Saul, sir, of Lisle Street, Leicester Square, and ready for a lark with a free gentleman at any time. What was it made you take a fancy to me? Did you observe any particularly interesting points about your humble servant?" as he slyly looked down towards the prominent part I have previously mentioned." Having met by chance at Leicester Square, Jack Saul, a successful prostitute—colloquially known as a "Mary-Ann" or "rentboy"—agrees to accompany Mr. Cambon to his home at the Cornwall Mansions. After sharing a meal, the two men get down to business, exploring their young bodies and devoting themselves to pleasure. Curious about Jack's past, Cambon offers him money to share the story of his life. With a beautifully designed cover and professionally typeset manuscript, this edition of Jack Saul's The Sins of the Cities of the Plain is a classic work of Victorian erotic fiction reimagined for modern readers.

While young men wage war against an evil empire of zealous mutants, the population of this modern inferno is afflicted with the epidemic of a radioactive virus. An opium-infused apocalyptic vision from the legendary author of Naked Lunch is the first of the trilogy with The Places of the Dead Roads and his final novel, The Western Plains.

Cormac McCarthy is renowned as the author of popular and acclaimed novels such as Blood Meridian, All the Pretty Horses, and The Road. Throughout his career, however, McCarthy has also invested deeply in writing for film and theater, an engagement with other forms of storytelling that is often overlooked. He is the author of five screenplays and two plays, and he has been significantly involved with three of the seven film adaptations of his work. In this book, Stacey Peebles offers the first extensive overview of this relatively unknown aspect of McCarthy's writing life, including the ways in which other artists have interpreted his work for the stage and screen. Drawing on many primary sources in McCarthy's recently opened archive, as well as interviews, Peebles covers the 1977 televised film The Gardener's Son; McCarthy's unpublished screenplays from the 1980s that became the foundation for his Border Trilogy novels and No Country for Old Men; various successful and unsuccessful productions of his two plays; and all seven film adaptations of his work, including John Hillcoat's The Road (2009) and the Coen brothers' Oscar-winning No Country for Old Men (2007). Emerging from this narrative is the central importance of tragedy—the rich and varied portrayals of violence and suffering and the human responses to them—in all of McCarthy's work, but especially his writing for theater and film.
