Computer-Mediated Communication in Personal Relationships ...

Computer-mediated communication is defined as any human communication that occurs through the use of two or more electronic devices. While the term has traditionally referred to those communications that occur via computer-mediated formats, it has also been applied to other forms of text-based interaction such as text messaging. Research on CMC focuses largely on the social effects of different computer-supported communication technologies. Many recent studies involve Internet-based social netwo

Computer-mediated communication - Wikipedia

The social and cultural transformation and even social interaction that has been influenced by computer and internet is evident in the recent decade. The role played by the new media has increased and is always on the rise, transforming every single life that it touches effecting the individual, but sometimes it has positive and negative effects. So, CMC or Computer Mediated Communication can simply be put as a transaction between two or more network computer like chartroom, emails, SNS ...

Computer Mediated Communication

This is the first collection of readings on computer-mediated communication focusing exclusively on interpersonal interactions. Examining messages exchanged via email, Twitter, Facebook, websites, and blogs, the authors analyze communication issues of ongoing importance in relationships including deception, disclosure, identity, influence, perception, privacy, sexual fidelity, and social support.

Computer-Mediated Communication in Personal Relationships

In "Computer Mediated Communication: Impersonal, Interpersonal, and Hyperpersonal Interaction" by Joseph B. Walther, he lays out the fundamental groundwork for CMC discussion. The paper was written in 1996, so he makes a few novel predictions about our interaction today.

Computer Mediated Communication: Impersonal, Interpersonal ...

Research on such computer-mediated communication (cmc) can be divided into different approaches. Two of them are: (1) the reduced-social-cues approach (rsc) (Sproull and Kiesler, 1986), and (2) the...

(PDF) Computer-mediated communication: Impersonal ...

Computer-mediated communication (CMC) is a process in which human data interaction occurs through one or more networked telecommunication systems. A CMC interaction occurs through various types of networking technology and software, including email, Internet Relay Chat (IRC), instant messaging (IM), Usenet and mailing list servers.

What is Computer-Mediated Communication (CMC) ...

Computer-mediated communication (CMC) focuses on the role of interactivity between parties through mediated channels of communication (Rafaeli, 1988). The focus of CMC is on the relationship of new messages with preceding messages, rather than on the number, content, frequency, or timing of the message exchange.
