This book can save you more than \$100,000. These days, most people assume you need to pay a boatload of money for a quality college education. As a result, students and their parents are willing to go into years of debt and potentially sabotage their entire financial futures just to get a fancy name on their diploma. But Zac Bissonnette is walking proof that this assumption is not only false, but dangerous—a class con game designed to rip you off and doom your student to a post-graduation life of near poverty. From his unique double perspective—he’s a personal finance expert (at Daily Finance) AND a current senior at the University of Massachusetts—Zac figured out how to get an outstanding education at a public college, without bankrupting his parents or taking on massive loans. Armed with his personal knowledge, the latest data, and smart analysis, Zac takes on the sacred cows of the higher education establishment. He reveals why a lot of the conventional wisdom about choosing and financing college is not only wrong but hazardous to you and your child’s financial future. You’ll discover, for instance, that: \* Student loans are NOT a necessary evil. Ordinary middle class families can- and must-find ways to avoid them, even without scholarships. \* College “rankings” are useless—designed to sell magazines and generate hype. If you trust one of the major guides when picking a college, you face a potential financial disaster. \* The elite graduate programs accept lots of people with non-elite bachelors degrees. So do America’s most selective employers. The name on a diploma ultimately won’t help your child have a more successful career or earn more money. Zac can prove every one of those bold assertions - and more. No matter what your current financial situation, he has a simple message for parents: “RELAX! Your kid will be able to get a champagne education on a beer budget!”

Life & Debt is not your typical “get debt free” book. It’s about learning to love and embrace your debt because in today’s world, it is practically impossible to be debt free. Life & Debt is not about teaching life without debt, or to be free of debt, but learning to live with debt and

embracing it to the extent that you manage it and take on debt that makes sense for your life. The key lesson from the book is learning to love your debt is one of the first steps of being able to properly manage it. For anyone who wants to live their life with debt happily - college students, grads, parents, grandparents, and those on fixed incomes, business owners and heads of households - the concepts can be fit into any lifestyle on different levels from basic income to complicated budgets. Also suitable for people going through life transitions (marriage, divorce, widow, retirement), as well as most of the middle class who are struggling to keep up with the Joneses.

Overwhelmed with debt? There is hope and freedom for you no matter how big your problem. Skyrocketing debt has crippled and divided millions in this age of rampant credit, interest-only mortgages, and record loan defaults. The way out from under debt burdens is not a declaration of bankruptcy, but surrender to the Word of God. Becoming debt-free may seem an impossible dream for many, but it is actually an attainable goal according to Howard Dayton, cofounder of Crown Financial Ministries. He overcame his own struggle with debt by applying God's principles to managing his finances, principles he lays out in this practical, encouraging, never-give-up book.

Every parent wants the best for their child. That 's why they send them to college! But most parents struggle to pay for school and end up turning to student loans. That 's why the majority of graduates walk away with \$35,000 in student loan debt and no clue what that debt will really cost them.<sup>1</sup> Student loan debt doesn 't open doors for young adults—it closes them. They postpone getting married and starting a family. That debt even takes away their freedom to pursue their dreams. But there is a different way. Going to college without student loans is possible! In Debt-Free Degree, Anthony ONeal teaches parents how to get their child through school without debt, even if they haven 't saved for it. He also shows parents: \*How to prepare their child for college \*Which classes to take in high school \*How and when to take the ACT and SAT \*The right way to do college visits \*How to choose a major A college education is supposed to prepare a graduate for their future, not rob them of their paycheck and freedom for decades. Debt-Free Degree shows parents how to pay cash for college and set their child up to succeed for life.

Get rid of your debt without giving up your life No one wants to be in debt. But life happens and if you 've got debt, life has happened to you. Whether you have a rolling balance of \$2,000 on your credit card or an \$80,000 line of credit you are positive you will carry to your grave, debt can be a huge cause of stress—affecting both your emotional and financial wellness. After working with thousands of financial planning clients, Shannon Lee Simmons knows that your only way out of the debt cycle is to truly understand all of your spending triggers so you can shut them down for good. In Living Debt-Free, she shows you that it is possible to have a life and pay down debt at the same time. In fact, that 's the only way your debt plan will work. You will learn to take control of your finances and pay down your debt in a realistic way that will keep you motivated long enough to see it through to the end. No shame. No blame. No scare tactics. In Living Debt-Free, Simmons focuses on creating a debt repayment plan that will motivate you for a long time, rather than an unrealistic one that 's strictly about paying the least amount of interest charges. (Collective gasp—how dare she!?) Listen, everyone knows that paying interest on debt is bad and to be avoided as much as possible, but human beings are complex. Life is complex. Debt is complex. There cannot be a one-size-fits-all plan, so Living Debt-Free will help you build your plan—the one that will help you finally put the debt behind you, start fresh and feel good about your money again.
