This "richly textured biography" (Chicago Tribune) inspired the mesmerizing documentary, *Letters from Baghdad*, soon to air on public television. Here is the story of Gertrude Bell, who explored, mapped, and excavated the Arab world throughout the early twentieth century. Recruited by British intelligence during World War I, she played a crucial role in obtaining the loyalty of Arab leaders, and her connections and information provided the brains to match T. E. Lawrence's brawn. After the war, she played a major role in creating the modern Middle East and was, at the time, considered the most powerful woman in the British Empire. In this masterful biography, Janet Wallach shows us the woman behind these achievements—a woman whose passion and defiant independence were at odds with the confined and custom-bound England she left behind. Too long eclipsed by Lawrence, Gertrude Bell emerges at last in her own right as a vital player on the stage of modern history, and as a woman whose life was both a heartbreaking story and a grand adventure.

The life of Gertrude Bell is now the subject of the major motion picture *Queen of the Desert*, starring Nicole Kidman, James Franco and Damian Lewis. Turning away from privileged Victorian Britain, Gertrude Bell explored, mapped and excavated the world of the Arabs, winning the trust of Arab sheiks and chieftains along the way. When the First World War erupted and the British needed the loyalty of Arab leaders, Gertrude Bell provided the intelligence for T.E. Lawrence's military activities. After the war, she played a major role in creating the modern Middle East, and was generally considered the most powerful woman in the British Empire. In this major reassessment of Bell's life, Janet Wallach reveals a woman whose achievements and independent spirit were especially remarkable for her times, and who brought the same passion and intensity to her explorations as she did to her rich and romantic life.

A portrait in her own words of the female Lawrence of Arabia, the subject of the PBS documentary *Letters from Baghdad*, voiced by Tilda Swinton, and the major motion picture *Queen of the Desert*, starring Nicole Kidman, James Franco, Damian Lewis, and Robert Pattinson and directed by Werner Herzog. Gertrude Bell was leaning in 100 years before Sheryl Sandberg. One of the great woman adventurers of the twentieth century, she turned her back on Victorian society to study at Oxford and travel the world, and became the chief architect of British policy in the Middle East after World War I. Mountaineer, archaeologist, Arabist, writer, poet, linguist, and spy, she dedicated her life to championing the Arab cause and was instrumental in drawing the borders that define today's Middle East. As she wrote in one of her letters, "It's a bore being a woman when you are in Arabia." Fortright and spirited, opinionated and playful, and deeply instructive about the Arab world, this volume brings together Bell's letters, military dispatches, diary entries, and travel writings to offer an intimate look at a woman who shaped nations. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,800 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Archaeologist, spy, Arabist, linguist, author, poet, photographer, mountaineer and nation builder, Gertrude Bell was born in 1868 into a world of privilege and plenty, but she turned her back on all that for her passion for the Arab peoples, becoming the architect of the independent kingdom of Iraq and seeing its first king Faisal safely onto the throne in 1921. *Queen of the Desert* is her story, vividly told and impeccably researched, drawing on Gertrude's own writings, both published and unpublished. Previously published as *Daughter of the Desert*, this is a compelling portrait of a woman who transcended the restrictions of her class and age and in so doing created a remarkable and enduring legacy. 'What a great Oscar-laden biopic this will make ...the combination of epic scenes and personal drama makes Georgina Howell's saga a winner' *Daily Express* 'Howell sketches in the gradations of colour and emotion that have been lacking in hitherto monochrome accounts of Bell's life ... Exemplary' *Sunday Times* 'Riveting ... few women have had a life more worth reading about.' Diana Athill, *Literary Review*

The best-selling author of *Desert Queen* traces the story of the turn-of-the-20th-century tycoon that offers insight into her abandonment by her mother, the Quaker values that marked her life, and the brash investment practices that caused her to be heralded and denounced by those who knew her.

A marvelous tale of an adventurous life of great historical import. She has been called the female Lawrence of Arabia, which, while not inaccurate, fails to give Gertrude Bell her due. She was at one time the most powerful woman in the British Empire: a nation builder, the driving force behind the creation of modern-day Iraq. Born in 1868 into a world of privilege, Bell turned her back on Victorian society, choosing to read history at Oxford and going on to become an archaeologist, spy, Arabist, linguist, author (of *Persian Pictures*, *The Desert and the Sown*, and many other collections), poet, photographer, and legendary mountaineer (she took off her skirt and climbed the Alps in her underclothes). She traveled the globe several times, but her passion was the desert, where she traveled with only her guns and her servants. Her vast knowledge of the region made her indispensable to the Cairo Intelligence Office of the British government during World War I. She advised the Viceroy of India; then, as an army major, she traveled to the front lines in Mesopotamia. There, she supported the creation of an autonomous Arab nation for Iraq, promoting and manipulating the election of King Faisal to the throne and helping to draw the borders of the fledgling state. Gertrude Bell, vividly told and impeccably researched by Georgina Howell, is a richly compelling portrait of a woman who transcended the restrictions of her class and times, and in so doing, created a remarkable and enduring legacy. " ... there's never a dull moment in the peerless life of this trailblazing character." - *Kirkus Reviews*

Exemplary' *Sunday Times* 'Riveting ... few women have had a life more worth reading about.' Diana Athill, *Literary Review*

A grand historical novel about Gertrude Bell, one of the most influential women of the twentieth century. She was the most celebrated adventurer of her day, the brains behind Lawrence of Arabia, an adviser to kings and desert sheikhs, and the British government's secret weapon in WWI in the campaign against the Turks. A brilliant academic, mountaineer, explorer, linguist, politician, and towering literary figure, Gertrude Bell is the most significant unsung heroine of the twentieth century. Alan Gold's meticulously researched novel accurately opens history's pages on a peerless woman who broke all molds on how Victorian women were supposed to behave—socially, intellectually, and physically. Guiding the events of the day in open, sanctioned diplomacy and adventure all across the Middle East, her influence on the men at the vanguard of history, and her unparalleled skill in sculpting the pathways and influences of the English, French, and Arab allies on the region, all lead to perhaps her greatest achievement: single-handedly creating today's Iraq. Told as a biographical narrative of history, Alan Gold reveals that, more than any other single figure, it was this extraordinary woman who most determinedly fashioned the Arab world as we know it today.

Tells the true story of Lady Hester Stanhope, who, at the turn of the 18th-century left her homeland and travelled through Cairo, Jaffa, Damascus, Palmyra. This biography explores

Access Free Desert Queen The Extraordinary Life Of Gertrude Bell Adventurer Adviser To Kings Ally Of Lawrence Of Arabia

the incredible life of a young woman.

T.E. Lawrence is often credited with bringing diplomacy to the Middle East; in the shadows of every great man you will often find an even greater woman. In Lawrence's case, that woman's name was Gertrude Bell. In a time when women didn't go to school, Bell did; in a time when women didn't join the army, Bell secured a job at the Army Intelligence Headquarters in Cairo; she spoke Arabic, Persian, French and German. She knew the Middle Eastern terrain and culture better than almost any Westerner of her time. In a male driven world, Bell managed to become one of the greatest policy makers the world has ever known; without her, the Middle East might very well be a much different place, and her influence in the territory gave her the nickname "Queen of the Desert." This biography tells the extraordinary story of one of the most adventurous and fascinating women you will ever encounter.
