~~Video capsule endoscopy~~ This is a procedure that uses a tiny wireless camera to take pictures of your digestive tract. You swallow a vitamin-size capsule containing an endoscopy camera. As the capsule travels through your digestive tract, it takes pictures that are transmitted to a recorder you wear on a belt around your waist.

Jacksonville, Fla.-based Digestive Disease Consultants is building a second ASC in the city, according to Abdi Abbassi, MD, a gastroenterologist with the practice. The center broke ground in July and is expected to open in May 2021, Dr. Abbassi told Becker's ASC Review. It will include three procedure rooms and provide colonoscopy, endoscopy, dilation and flexible sigmoidoscopy services.
