Long division: a step-by-step guide. Long division is set out in the following way. When do children learn to use different division methods? Children start learning about division in Year 1, where they may be asked to share an even number of objects between two people.. They start learning their times tables in Year 2, at which time they also learn their division facts (for example, they ...

### Long division method explained for parents | How to do ...

On a piece of paper, write the dividend (number being divided) on the right, under the division symbol, and the divisor (number doing the division) to the left on the outside. The quotient (answer) will eventually go on top, right above the dividend. Leave yourself plenty of space below the equation to carry out multiple subtraction operations.
