Why A World of Art? Henry Sayre wrote the first edition of World of Art because he wanted to use a text in his own art appreciation course that truly represented all artists, not just the Western canon found at that time in the other texts. He also wanted a text that fostered critical thinking through looking at, talking about, and questioning works of art for his students. We are proud to present the new sixth edition of World of Art, which further strengthens these two key aspects of the text while presenting hot topics like video and time-based media.

Looks at the development of American avant-garde art, including performance art, environmental art, conceptual art, video, and photo-realism
