The author reveals the story of the rise of daily fantasy sports and the brilliant entrepreneurs disrupting the way fans consume sports.

||Daniel Barbarisi plunges into an adventure from another era when he goes in search of buried treasure, guided only by a cryptic poem, a mischievous art collector, and the footsteps another pursuer who died on the quest|| Every page draws you deeper into this no-man's-land where fortune||or tragedy||awaits.|| ||Christopher McDougall, author of Born to Run When Forrest Fenn was given a fatal cancer diagnosis, he came up with a bold plan: He would hide a chest full of jewels and gold in the wilderness, and publish a poem that would serve as a map leading to the treasure's secret location. But he didn't die, and after hiding the treasure in 2010, Fenn instead presided over a decade-long gold rush that saw many thousands of treasure hunters scrambling across the Rocky Mountains in pursuit of his fortune. Daniel Barbarisi first learned of Fenn's hunt in 2017, when a friend became consumed with decoding the poem and convinced Barbarisi, a reporter, to document his search. What began as an attempt to capture the inner workings of Fenn's hunt quickly turned into a personal quest that led Barbarisi down a reckless and potentially dangerous path, one that found him embroiled in searcher conspiracies and matching wits with Fenn himself. Over the course of four chaotic years, several searchers would die, endless controversies would erupt, and one hunter would ultimately find the chest. But the mystery didn't end there. Full of intrigue, danger, and break-neck action, Chasing the Thrill is a riveting tale of desire, obsession, and unbridled adventure.

In the spirit of Bringing Down the House and The Wolf of Wall Street, ||an engrossing and often hilarious behind-the-scenes look at the characters, compulsions, and chaos inside the fantasy sports gold rush. Barbarisi quickly realizes, what should have been a fun companion to casual sports viewing was instead a ferocious environment infested with sharks, a top tier of pros wielding complex algorithms, drafting hundreds of lineups, and wagering six figures daily as they bludgeon unsuspecting amateur "fish." Barbarisi embeds himself inside the world of DFS, befriendng and joining its rogue's gallery as he tries to beat them at their own game. In a work equal parts adventure and rigorously reported investigation, Barbarisi wades into this chaotic industry at the very moment its existence is threatened by lawmakers sick of its Wild West atmosphere and pushy advertising. All their money made FanDuel and DraftKings seem invincible; but, as Barbarisi reports, they made plenty of dubious—perhaps even scandalous—moves as they vied for market supremacy. In Dueling with Kings, Barbarisi uncovers the tumultuous inside story of DFS, all while capturing its peculiar cast of characters, from wide-eyed newly minted millionaires, to sun-starved math geeks, to bros living an endless frat party of keggers and Playboy Bunnies. Can he outwit them all and make it to the top?

The daily fantasy sports landscape is changing. Predicting player performance is only half the battle; in tournaments, top DFS players are exploiting weaknesses in public psychology to profit big. This requires a fundamental understanding of what drives public opinion—what motivates us to make decisions and where we go wrong—and the ability to accurately forecast how it all affects player ownership in DFS leagues. The Hidden Psychology of Winning DFS takes a two-pronged approach to turning you into a better daily fantasy football player. In the first section, you'll learn how various cognitive biases can shape your beliefs. Why do DFS players overvalue recent performance, overestimate their ability to make accurate predictions, and deal so poorly with risk and uncertainty? More important, how can you benefit from their mistakes? The second section takes a data-driven look at both daily fantasy football tournament ownership and value. Which metrics predict not only which players perform well, but which ones will be popular in tournaments? How much do the Vegas lines matter, when should you value recent production, and how can you find both undervalued and under-owned players at each position? You'll learn specific instructions on how to exploit inefficiencies in others' lineups to give you a leg up on the field. Using historical data to see what actually predicts daily fantasy football value and ownership, The Hidden Psychology of Winning DFS will equip you with the tools you need to leverage weaknesses in the way other players think and act into a major competitive advantage.

Book Summary A cognitive bias is a mental process that leads us to make illogical and sometimes irrational decisions. Most of us are unaware of these mental processes, although they are operating constantly. Most of the time, believe it or not, its no big deal. In fact, there is no doubt that cognitive biases still exist because they help us succeed as a species! In this work, you will learn why and how cognitive biases come about as well as why they might just be beneficial from an evolutionary perspective. More importantly, youll also find out how they play into your management of your fantasy sports teams. Spoiler alert: its not all good! From Confirmation Bias to Omission Bias and the Pseudocertainty Effect, plus many more, youll learn how the biases affect your decision-making and what to do to overcome the subtle sabotage your brain may be exerting on your fantasy season.

Have you just discovered the world of daily fantasy sports (DFS)? Have you been playing DFS, but not achieving consistent wins? Do you want to master key DFS strategies? Are you ready to embrace a Win Daily mindset? In Win Daily, Jason Mezrahi demystifies the DFS industry. He knows the ups and downs of the game and the persistence it takes to ride out the defeats and earn another victory. He gives you an insider perspective on playing daily and shows you how to increase your competitive advantage so that you can become a winner. Jason has spent years developing his strategies, and here, he shares them with you. Learn how to\* Pick players for optimal lineups in MLB, NFL, and NBA DFS.\* Separate the important statistics from all the numbers and noise.\* Strategize gameplay and player combinations.\* Understand the impact that weather, injuries, or matchups have on your lineups.See how a perfect combination of sports enthusiasm and financial independence can combine for the ideal DFS player. Jason's unique history as an athlete, who was trading stocks by the age of thirteen and organizing poker tournaments by twenty-one, taught him strategies and skills that prepared him for a successful DFS career. Read how Jason won his first major online DFS tournament. Get an inside glimpse on DFS championships where the big hitters come together to compete for million-dollar prizes. Learn how the DFS industry treats their winners as Jason travels to batting practice at AT&T field and walks the grounds of the Playboy Mansion.Win Daily demonstrates how to achieve DFS milestones, but it also gives important advice to master a winning mindset. Re-examine your approach to\* Winning and defeat.\* Balancing your risks and rewards.\* Choosing your lineups.\* Meeting adversity with persistence.\* Making smart bets and avoiding tilt.\* Taking care of your mind and body so that you're always prepared to win big.This book takes you on a journey through the world of DFS so that you can reap the benefits of an insider view and learn how to Win Daily!

To fulfill their father's dying wish, teenage Countess Meliara and her brother Branaric organize a revolution against a greedy king.

The beloved host of the NBC hit show American Ninja Warrior draws inspiration from both the fierce competitors on his show and his own unlikely path to success to outline the essential steps to achieving your goals and becoming a modern-day ninja. Akbar Gbajabiamila, the host of NBC's hit Emmy-nominated show, American Ninja Warrior, did not have an easy path to success. One of seven children to Nigerian immigrant parents, he grew up in the Crenshaw district of South Central Los Angeles during the 1980s and 90s, a time when the neighborhood was fraught with riots and gang violence. With dreams of playing professional basketball, Gbajabiamila found success not in the sport he loved, but in football. Late in his high school career, Gbajabiamila suited up with pads for the first time and was thrown into the complex sport of football. He climbed major hurdles to play college football and then professional football. After playing in the NFL, it was only after years of hard work behind-the-scenes in radio and television that he was offered the job to be the host of American Ninja Warrior. Through his own inspirational underdog stories and interviews with modern-day ninjas who have accomplished extraordinary things in their own lives against the odds, Akbar proves in Everyone Can Be a Ninja that it doesn't matter if you make it through every step of the obstacle course on the first try. Ninjas keep pushing themselves until they reach their goals, and they don't let anyone or anything stand in their way. It is easy to see greatness in others; it's hard to see it in ourselves. Everyone Can Be a Ninja shows you that we can fulfill our potential and achieve our dreams by finding our inner warriors.
