Dyslexia Assessment Report This is an example of what an assessment report would look like for a student tested for dyslexia. One of our students took this assessment and received a report like the one below containing all the data about what the assessment showed. Due to

**Dyslexia Assessment Report - Becca Draus**

The report should clearly describe the referral questions or concerns that led to the assessment. For individual clinical assessment of SLD and dyslexia, a battery of tests is used to ensure reliability and validity. Standard scores and percentile ranks should be included in the report.

**Dyslexia Assessment: What Is It and How Can It Help ...**

A Diagnostic Assessment is intended to confirm whether an individual has dyslexia or not. It provides a confirmed diagnosis of dyslexia, as well as a clearer picture of the person's strengths and weaknesses and their individual cognitive profile. The Diagnostic Assessment will be followed by a written report. This report will provide evidence of the individual's dyslexic profile (if the individual has been confirmed as having dyslexia), signposting to other organisations or further ...
