With more than 500 entries (including up-to-date information on such high profile cases as Martha Stewart and Enron), the Encyclopedia of White-Collar & Corporate Crime gathers history, definitions, examples, investigation, prosecution, assessments, challenges, and projections into one definitive reference work on the topic. This two-volume encyclopedia incorporates information about a variety of white-collar crimes, and provides examples of persons, statutes, companies, and convictions. Each entry offers a thorough and thoughtful summary of the topic. Rather than a simple definition, users are given a satisfying and sophisticated synopsis with references for further study.

White-collar criminals have been busy, and the Second Edition of this encyclopedia captures what has been going on in the news and behind the scenes with new articles and updates to past articles.

Since the first edition of the Encyclopedia of White Collar and Corporate Crime was produced in 2004, the number and severity of these crimes have risen to the level of calamity, so much so that many experts attribute the near-Depression of 2008 to white-collar malfeasance, namely crimes of greed and excess by bankers and financial institutions. Whether the perpetrators were prosecuted or not, white-collar and corporate crime came near to collapsing the U.S. economy. In the 7 years since the first edition was produced we have also seen the largest Ponzi scheme in history (Maddoff), an ecological disaster caused by British Petroleum and its subcontractors (Gulf Oil Spill), and U.S. Defense Department contractors operating like vigilantes in Iraq (Blackwater). White-collar criminals have been busy, and the Second Edition of this encyclopedia captures what has been going on in the news and behind the scenes with new articles and updates to past articles.

White-collar criminals have been busy, and the Second Edition of this encyclopedia captures what has been going on in the news and behind the scenes with new articles and updates to past articles.

This book explores a neglected topic in criminology—women and white-collar crime. Taking a case study approach, it examines how women and crime has changed and why women have become more involved in corporate, political, and professional offenses. Fully exploring the topic, it discusses all issues including perpetrators, victims and whistle-blowers and incorporates interviews with female scholars and professionals. From insider trading to medical malpractice, it includes contemporary examples that engage the reader and promote discussion in a controversial area of study. Criminologists, anyone with an interest in criminal practices.

From Enron to the Exxon Valdez, this fact-packed A-Z encyclopedia covers the economic, social, political and cultural themes in the history of white-collar crime.

Contemporary transnational criminals take advantage of globalization, trade liberalization, and emerging new technologies to commit a diverse range of crimes. By moving money, goods, services, and people instantaneously they are able to serve purposes of pure economic gain or political violence. This book examines the rise of international economic crime and recent strategies to combat it in the United States and abroad. Focusing on the role of international relations, it draws from case studies in a diverse range of criminality from money laundering to tax evasion. Newly revised and expanded, the second edition of International White Collar Crime incorporates recent developments and updated case studies. New chapters on environmental crimes and securities enforcement under the Dodd-Frank Act continue to make it an essential tool for practicing business, law, and law enforcement.

The Encyclopedia of RESEARCH METHODS IN CRIMINOLOGY & CRIMINAL JUSTICE The most comprehensive reference work on research designs

and methods in criminology and criminal justice This Encyclopedia of Research Methods in Criminology and Criminal Justice offers a comprehensive survey of research methodologies and statistical techniques that are popular in criminology and criminal justice systems across the globe. With contributions from leading scholars and practitioners in the field, it offers a clear insight into the techniques that are currently in use to answer the pressing questions in criminology and criminal justice. The Encyclopedia contains essential information from a diverse pool of authors about research designs grounded in both qualitative and quantitative approaches. It includes information on popular datasets and leading resources of government statistics. In addition, the contributors cover a wide range of topics such as: the most current research on the link between guns and crime, rational choice theory, and the use of technology like geospatial mapping as a crime reduction tool. This invaluable reference work: Offers a comprehensive survey of international research designs, methods, and statistical techniques Includes contributions from leading figures in the field Contains data on criminology and criminal justice from Cambridge to Chicago Presents information on capital punishment, domestic violence, crime science, and much more Helps us to better understand, explain, and prevent crime Written for undergraduate students, graduate students, and researchers, The Encyclopedia of Research Methods in Criminology and Criminal Justice is the first reference work of its kind to offer a comprehensive review of this important topic.
