Fahrenheit offers a broad array of versatile electric heating solutions for both residential and light commercial applications. Our product line consists of Standard & Hydronic Baseboard Heaters, Fan-Forced Wall and Garage Heaters, Personal Comfort Heaters, and Thermostats. Designed to meet your needs for either primary or supplemental heating,

Fahrenheit | Marley Engineered Products

After a little research, I chose a new Fahrenheit FUH54 garage heater. At 5000 watts, it is still undersized for my 24' x 28' garage, but it will provide more heat than my old heater did. Fahrenheit makes a 7500 watt model also, but I would have had to run new wiring for that one. The existing wiring already had 10/3 cable, so the FUH54 was the ...

Installing a Fahrenheit FUH54 Electric Garage Heater

Quick comfort — that's what you'll get with this baseboard convector. This hard-wired heater provides fan-free warmth without circulating dust and debris. There's no need to worry about the unit overheating — its thermal cutoff function disconnects the power if it senses an unnecessarily high temperature.

F2500 - Electric Baseboard Heaters | Marley Engineered ...

FZL - Fan Forced Wall Heaters. Entryways and vestibules stay warm and cozy when you install this fan-forced heater. Its high-capacity heating power is ideal for basements and playrooms, too. The unit is easy to install, thanks to its simple 3-piece design and integrated thermostat.

FZL - Fan Forced Wall Heaters | Marley Engineered Products

Product Overview Heat your home from the ground up with the Fahrenheit Toe Space Fan-Forced Heater. Just install it underneath a cabinet, vanity or stairwell for reliable warmth in your kitchen, bathroom, or any space up to 150 sq. ft. The included thermostat provides easy adjustment so you can fine-tune your temperature level.
