What are the 9 major financial institutions?

There are three relevant classifications of financial markets in the context of the financial crisis: money versus capital markets, primary versus secondary markets, and organized versus over-the-counter markets (Madura 2012). The money versus capital market distinguishes in various points: The money market is only short-term oriented, a maturity of less than one year, and the trading objects are referred to as money market securities, which are debt securities.
