Jim Wallis has blended religion and politics without fighting. Using an explosive combination of news analysis, statistics, first person accounts, and some old-fashioned "God talk", Wallis creates a new image of religion and its place in politics that is starkly different from that of George Bush and his "religious right" affiliates.

God's Politics: Why the Right Gets It Wrong and the Left Doesn't Get It is a 2005 book by author Jim Wallis. The book focuses on the role of religious hypocrisy in politics, and critiques both the so-called "religious right" and the "secular left" while noting that the vast majority on the "left" have families who embrace both family values and religion.

With a much-needed call for Christian ethics in politics on both the left and the right, Wallis argues passionately for a new kind of thinking in politics which, he claims, is catching on fast. God's Politics by Jim Wallis was published by Lion Hudson in February 2006 and is our 18517th best seller.

New York Times bestseller *God's Politics* struck a chord with Americans disenchanted with how the Right had co-opted all talk about integrating religious values into our politics, and with the Left, who were mute on the subject. Jim Wallis argues that America's separation of church and state does not require banishing moral and religious values from the public square. *God's Politics* offers a vision for how to convert spiritual values into real social change and has started a grassroots movement to hold our political leaders accountable by incorporating our deepest convictions about war, poverty, racism, abortion, capital punishment, and other moral issues into our nation's public life. Who can change the political wind? Only we can.

The must-read summary of Jim Wallis's book: *God's Politics: Why the Right Gets It Wrong and Left Doesn't Get It Right*. This complete summary of "God's Politics" by Jim Wallis, a renowned Christian writer and political activist, outlines the author's vision for political dialogue that embraces true Christian values. He argues that America should separate church and state but not banish moral and religious values from public discourse, and this is something that both sides of politics have failed to grasp on different levels. Added-value of this summary:

- Save time
- Understand the role of faith in American politics
- Expand your knowledge of American politics and values

To learn more, read "God's Politics" and discover Wallis's view of secularism and how it can still incorporate religious values.

In *God's Own Party*, Daniel K. Williams presents the first comprehensive history of the Christian Right, uncovering how evangelicals came to see the Republican Party as the vehicle through which they could reclaim America as a Christian nation.

Contemporary mass media descriptions of Muslims often suggest that Islam and Muslims are fundamentally undemocratic. Policy-makers in the West have weaponized these descriptions in attempts to legitimize anti-Muslim right-wing policy developments across the West and in the United States in particular, from surveillance in the aftermath of 9/11 to the anti-Islamic travel ban of 2017. But are Muslims undemocratic? Ahmed Khanani argues that this is not the case. In *All Politics are God's Politics*, Khanani shows that in fact, the opposite holds true: for socially conservative, politically active Muslims (Islamists), democracy or *dimuqrāṭiyya* reflects and extends their religious values. By drawing on conversations with over 100 Islamists in Morocco, this book enables readers to understand and appreciate the significance of *dimuqrāṭiyya* as a concept alongside new prospects for Islam and democracy in the Arab Middle East and North Africa (MENA). Khanani's in-depth analysis of the Moroccan case brings these Islamists and their attending political views to the forefront.

An acclaimed reporter presents the first major biography of the legendary, and divisive, conservative pastor who reshaped the landscape of American politics—Jerry Falwell. At a time when the Tea Party movement is dominating much of America's social and political discourse, the story of Falwell's Moral Majority will resonate strongly. Indeed, Falwell's language may sound familiar to anyone who has heard recent speeches by figures like Sarah Palin, Rick Perry, or Michelle Bachmann.

A Christian evangelist offers a plan for transforming the nation

Stephen Carter argues that American politics is unimaginable without America's religious voice. Using contemporary and historical examples,

Acces PDF Gods Politics Why The Right Gets It Wrong And Left Doesnt Get Jim Wallis

from abolitionist sermons to presidential candidates' confessions, he illustrates ways in which religion and politics do and do not mesh well and ways in which spiritual perspectives might make vital contributions to our national debates. He also warns us of the importance of setting out some sensible limits, so that religious institutions do not allow themselves to be seduced by the lure of temporal power, and offers strong examples of principled and prophetic religious activism for those who choose their God before their country.

This classic that has been inspiring and challenging readers to a spiritual adventure for over a century now gets an updated look for a new generation.

After fifteen weeks on the New York Times Bestseller list, *God's Politics* not only changed the conversation about faith and politics in this country, it began a movement. All across the country, wherever Jim Wallis spoke, people were frustrated by tax cuts and budgets that widened the gap between rich and poor, aggravated by the government's lack of response to natural disasters, wearied of misinformation and the ongoing war in the Middle East, and exasperated by the impractical political rhetoric about sexual abstinence in lieu of policies that would strengthen more broadly family values and community health. Folks began asking what they could do to promote peace, economic justice, racial equality, and the sanctity of life. They wanted to know how they could influence government policies to better reflect their moral values. In response, Wallis and the editors of *Sojourners* magazine offer *Living God's Politics*, a reader's guide for putting the lessons of *God's Politics* into action. Who will change our government's policies to better integrate our values? We're the ones we've been waiting for, and this book offers us the tools and techniques to change the political landscape for the better.

The Soul of Politics responds to signs of cultural breakdown and political impasse with a resounding call to reintegrate politics and spirituality. Wallis draws on his own experience in the urban ghettos of Washington, D.C., to show why traditional liberal and conservative options that emphasize either social justice or personal values fall short of solutions.
