You must attribute the work to "Introduction to Programming using Fortran 95/2003/2008" (but not in any way that suggests that the author endorses you or your use of the work).

Introduction to Programming using Fortran 95/2003/2008

This FORTRAN study guide is a "hands on" introduction to programming using FORTRAN. The emphasis in this course is to learn how to program rather than to learn FORTRAN. My experience is that most people who need to write computer programs know several languages, and often these are self taught.
