Michael Palmer, Ph.D., is an industry consultant and educator who has written numerous networking and operating systems books, including best-selling books about Microsoft Windows Server systems and UNIX/Linux.

~~9781111306366: Guide to Operating Systems - AbeBooks~~

The book is a good resource on the various operating systems from Windows, to Mac, Unix/Linux, etc. and the various versions of each. I do feel that at times they go too much into the history of operating systems (although I know this is necessary to show how the different OSs have evolved over the years).
