A guided exercise that integrates relaxation of the mind and body in order to reduce anxiety and tension that can build up in the muscles. The aim of this exercise is to gradually move through all the main muscles in the body, tensing and relaxing each muscle. When tensing each muscle, hold for no more than five seconds before releasing.

Ocean Escape (with music): Walk Along the Beach Guided ...

Guided imagery is a form of focused relaxation that helps create harmony between the mind and body. It is a way of focusing your imagination to create calm, peaceful images in your mind, thereby providing a “mental escape.” Guided imagery provides a powerful psychological strategy that enhances a person’s coping skills.
