Hell on Earth Trilogy certainly presents a large enough challenge to keep you coming back for more for some time' Compared to the originals, however, the 2D action is far less emmersive and you don't get the same fear factor as turning a dark corner to be welcomed by a room full of flesh-eating aliens in this side-scrolling affair' Nevertheless this game is free and enjoyable in its own right'

"Guy Granger is a Coast Guard captain in search of his kids. Mina Magar is a photojournalist taking pictures of horror she had never imagined. Rick Bastion is a fading popstar with his head in a bottle and little care about survival. Tony Cross is stuck on the Iraq-Syria Border, but fighting insurgents is no longer a priority. There's much worse threat to world peace now. Follow them all as they try to stay alive" -- back cover.

When civilization ends - When hundreds of millions of the dead return to eat the living - How will the remaining humans survive? One week ago there were over 300 million people living in America. Today there are less than 5000. After a man-made plague destroys the population cities burn, and the government crumbles when the dead come back to life as flesh-hungry zombies. Wim, a 30-year-old farmer, purposely kept himself cut off from other people, but when the undead arrive at his farm, intent on eating him, he's forced to venture out into the land around him and fight to save a world on which he long ago turned his back. Survivors from all walks of life - criminals and fry cooks, teenagers and soldiers - battle to survive zombies and each other as mankind races toward extinction. Book 1 in the epic "Life of Dead" zombie apocalypse saga.

Once upon a time, Jezebel was a powerful succubus, capable of seducing men and sucking out their souls. But that was before Hell put a bounty on her head. Now her only chance to escape a fate far worse than death is to live as a mortal, losing herself in a sea of unfamiliar humanity, in a place where sinners walk hand-in-hand with saints--a place like New York City. Working as an exotic dancer is a piece of cake for a former demon who once specialized in sex. But she hadn't counted on meeting sexy Paul Hamilton, a man haunted by his past. Good-bye, succubus; hello, lovestruck. But Hell hasn't stopped looking for her. The secrets Jezebel holds are the most dangerous of all, the kind every demon in the Underworld would do their worst to protect. Demons are closing in, which is enough to make Jezebel shiver in her G-string. But it's her love for Paul that's going to have deadly consequences. . . "Will captivate fans of Sherrilyn Kenyon and Laurell K. Hamilton from the very first pages." --Romantic Times "Hell's Belles will enchant paranormal fans." --Romance Reviews Today

Author Kylie Chan has a boldly, brazenly unique take on urban fantasy—she combines it with Kung Fu. In Earth to Hell, Chan launches the characters from her Dark Heavens trilogy (White Tiger, Red Phoenix, Blue Dragon) on a new adventure that will take them from the teeming streets of Hong Kong through the portals of Hell to set free a friend—as demons and devils rise up to challenge them in life-or-death battle, forcing Emma Donahoe Chen, wife of God of the Northern Heavens, to seek the help of a sworn foe, the fearsome Demon King. An irresistible blend of Chinese mythology, martial arts action, and ingenious invention, Earth to Hell is a treat for Kung Fu movie fans; for readers of Liliith Saintcrow, Liz Williams, Karen Chance, Devon Monk, and Ilona Andrews; and for anyone who desires a different kind of fantasy.

WrenIt's been fourteen years since the gateway to Hell opened and life as I knew it ceased to exist. Taken in by a group of humans, I've managed to survive in the Wilds. Now I have a chance to do more than survive while building a better life for all Wilders. Unfortunately, it means doing the one thing I never believed I would do-joining with the demons I've always considered my enemies.Working with demons wouldn't be a horrible prospect except it means dealing with Corson. The irritating demon who manages to get under my skin until I'm not sure if I'd rather kill him or kiss him. The closer I get to him, the more memories of my long-buried past slip free, leaving me uncertain of what's real and what's not...or even of who I am. CorsonI'd thought joining with the Wilders to hunt down the creatures that escaped Hell was a job I'd enjoy. Not only do I get to kill my enemies, but I also have a chance to get closer to Wren. I wasn't expecting the stubborn woman to go out of her way to avoid me. Cut off from our allies, Wren has no choice but to work with me. However, the more time we spend together, the more I realize that though she would prefer me dead, there's nothing I won't do to keep her safe. When a lethal new threat rises, I begin to fear keeping Wren alive may be impossible. \*\*\*The Hell on Earth series is a spin-off of the Road to Hell series. You do not have to read the Road to Hell Series to follow this series, but it is recommended that the Road to Hell Series be read first to avoid spoilers and to understand the characters better. Each book in this series will focus on different characters.\*\*\*Due to violence, language, and sexual content this book is recommended for readers 18+

"Guy is finally about to reach the shores of England with the faithful crew of the Hatchet. Will he finally find his children, Alice and Kyle? Or will he find a land of death? And can he trust his second in command, ambitious Lieutenant Tosco? Crossing the Atlantic was tough, but what lies ahead will be worse." -- back cover.

The New York Times and USA Today bestselling series They dive so humanity survives ... More than two centuries after World War III poisoned the planet, the final bastion of humanity lives on massive airships circling the globe in search of a habitable area to call home. Aging and outdated, most of the ships plummeted back to earth long ago. The only thing keeping the two surviving lifeboats in the sky are Hell Divers—men and women who risk their lives by skydiving to the surface to scavenge for parts the ships desperately need. When one of the remaining airships is damaged in an electrical storm, a Hell Diver team is deployed to a hostile zone called Hades. But there’s something down there far worse than the mutated creatures discovered on dives in the past—something that threatens the fragile future of humanity.

Mankind's extinction is about to begin. The world's best scientists are baffled when bizarre, immovable black stones appear across the globe, and society spirals into panic when the stone begin to 'wake up'. Bestselling apocalyptic thrills by master of the genre, Iain Rob Wright. As worldwide anarchy threatens to erupt, United States Coast Guard captain, Guy Granger, sets off on a desperate journey across the Atlantic to rescue his kids, while Mina Magar is a photojournalist forced to take pictures of horrors she could never have imagined. Elsewhere, fading popstar, Rick Bastion, is suddenly forced to fight for his survival, despite wishing he was dead. Survival instinct isn't so easily ignored, and mankind won't go away quietly, but when the enemy finally reveals itself, all seems lost. The Hell on Earth series in an epic apocalyptic thriller with breathtaking twists and multiple characters. You'll never see where the story is heading next! Grab the first 3 books together in 1 great boxset and you'll have over 1,000 pages to enjoy.

From the ashes, tomorrow will rise...
