Check the engine. Your vehicle's  
engine number should be  
stamped right onto the engine of  
your vehicle. Pop the hood of your  
vehicle or look at your  
motorcycle's engine from the  
side. You should see a sticker that  
clearly indicates the engine  
number.

Locate the 17-digit Vehicle Identification Number (VIN) printed on the frame of your Honda motorcycle. This is often stamped onto the right side of the steering head, where the front fork is mounted on the frame. The VIN is also imprinted on a metal tag located on the left side of the frame above the motor. Locate the first character.

The model number of a Honda engine is printed on a sticker located on the engine cover or recoil assembly housing. All Honda engines model numbers start with "G", such as "G100", "GX610", or "GXV160". For some engines, you may also need to locate the serial number, which is normally stamped on the side of the engine.
