Horse Care & Management | Advice & Information | The BHS
Keeping horses and ponies healthy and happy. Owning and caring for a horse or pony is great fun and immensely rewarding. But it's also a big responsibility and a long-term commitment, in terms of care, hard work and finances. There's no one 'perfect' way to care for all horses and ponies because every animal and every situation is different.

Place the stethoscope just in front of the girth area, just behind the horse's elbow. Alternatively, press your fingers under the horse's cheekbone along the large artery that you will feel underneath the skin. Starting at zero, count the number of beats you hear or feel in 15 seconds and multiply that value by four.

How to Tell If Your Horse Is Healthy
