2011 reprint of 1960 edition. Full facsimile of the original edition, not reproduced with Optical Recognition Software. Hungarian by birth, Nicolas Darvas trained as an economist at the University of Budapest. Reluctant to remain in Hungary until either the Nazis or the Soviets took over, he fled at the age of 23 with a forged exit visa and fifty pounds sterling to stave off hunger in Istanbul, Turkey. During his off hours as a dancer, he read some 200 books on the market and the great speculators, spending as much as eight hours a day studying.Darvas invested his money into a couple of stocks that had been hitting their 52-week high. He was utterly surprised that the stocks continued to rise and subsequently sold them to make a large profit. His main source of stock selection was Barron's Magazine. At the age of 39, after accumulating his fortune, Darvas documented his techniques in the book, How I Made 2,000,000 in the Stock Market. The book describes his unique "Box System," which he used to buy and sell stocks. Darvas' book remains a classic stock market text to this day.

How I Made 2,00,000 In The Stock Market Nicolas Darvas, author of How I Made 2,000,000 in the Stock Market, concluded that Wall Street was nothing more than a huge gambling casino. It bristled with dealers, croupiers and touts--and he explained all of this in a later highly successful book, Wall Street: The Other Las Vegas. How I Made 2,000,000 in the Stock Market is an extraordinary book. It tells one of the most unusual success stories in the history of the stock market. Darvas was not a stock market professional trading on inside information. He was one half of the highest paid dance team in show business. Ye he was able to make himself a millionaire several times over by his unique investment approach. Unlike other so--called systems, it worked regardless of whether the market rose or fell. When news of Darvas' fantastic profits and methods leaked out, he was featured in Time Magazine. He then was persuaded to write a book which became an instant hit, selling nearly 200,00 copies in eight weeks. Many of the companies talked about in this book no longer exist. Many of the stocks are no longer traded. Nevertheless, the basic principles are as sound as ever.

Nicolas Darvas, author of the phenomenal best-seller, How I Made \$2,000,000 In The Stock Market, has devised a breakthrough system for charting the stock market. Called the DAR-CARD, it is easy to use and has the all-important ingredient that existing systems lack: DAR-CARD needs no interpretation. The philosopher's stone of the stock market, DAR-CARD converts data into profits. It eliminates confusing fluctuations and indicates the trend and the buy and sell points--the factors that matter if you want to make money. DAR-CARD is a compact, visual representation of Nicolas Darvas's system; a simple device to be carried in the pocket, to be checked against each day's closing prices. No bigger than a postcard, DAR-CARD contains its own built-in instructions and all the information necessary to make a decision on whether to buy, sell or hold. In addition to providing this unique tool for dealing with the stock market, Darvas offers straightforward advice on: when to buy; what shall I watch for; five ways to create favorable odds; how to detect a must sale; how long to hold a stock; pitfalls of switching; what to look for before taking action.

Reminiscences of a Stock Operator First published in 1923, Reminiscences of a Stock Operator is the most widely read, highly recommended investment book ever. Generations of readers have found that it has more to teach them about markets and people than years of experience. This is a timeless tale that will enrich your life-and your portfolio. Reminiscences of a Stock Operator is a fictionalized story based on the trading career of Jesse Livermore. It follows his journey from the age of 15 when he made his first \$1,000 to becoming a Wall Street legend. How I Made \$2,000,000 in the Stock Market Hungarian by birth, Nicolas Darvas trained as an economist at the University of Budapest. Reluctant to remain in Hungary until either the Nazis or the Soviets took over, he fled at the age of 23 with a forged exit visa and fifty pounds sterling to stave off hunger in Istanbul, Turkey. During his off hours as a dancer, he read some 200 books on the market and the great speculators, spending as much as eight hours a day studying.Darvas invested his money into a couple of stocks that had been hitting their 52-week high. He was utterly surprised that the stocks continued to rise and subsequently sold them to make a large profit. His main source of stock selection was Barron's Magazine. At the age of 39, after accumulating his fortune, Darvas documented his techniques in the book, How I Made 2,000,000 in the Stock Market. The book describes his unique "Box System", which he used to buy and sell stocks. Darvas' book remains a classic stock market text to this day.

This book is dedicated to my stock trading mentor, Nicolas Darvas. Although I never met him, he has taught me more about stock trading and investing than anyone else. I hope this book does justice to his investing principles and memory. Steve Burns CONTENTS: Introduction Who was Nicolas Darvas? Keith Cameron Smith- Author of The Top 10 Distinctions between Millionaires and the Middle Class. --- "Steve Burns wants you to follow the trend and make money. That is a good thing. Listen up Michael W. Covel Bestselling author of 'Trend Following' & 'The Complete TurtleTrader'

This collection is a classic handbook for investors and stock speculators. It will give you unique tools to increase your exchange profits and bring your trading to a new level. These are the "market secrets to wealth." The authors of collected titles describe proven techniques for accurate market analysis and explain how to develop effective trading strategies. They also help the reader understand the psychology of successful trading in order to predict changes. Edwin LeFevre: Reminiscences of a Stock Operator Nicolas Darvas: How I Made 2,000,000 in the Stock Market Richard D. Wyckoff: How I Trade and Invest In Stocks and Bonds

A step-by-step system for mastering trading psychology. Think about your most costly and recurring trading mistakes. Chances are that they ' re related to common errors, such as chasing price, cutting winners short, forcing mediocre trades, and overtrading. You ' ve likely tried to fix these errors by improving your technical skills, and yet they persist. That ' s because the real source of these mistakes is not technical—they actually stem from greed, fear, anger, or problems with confidence and discipline. If you are like most traders, you probably overlook or misunderstand mental and emotional obstacles. Or worse, you might think you know how to manage them, but you don ' t, and end up losing control at the worst possible time. You ' re leaving too much money on the table, which will either prevent you from being profitable or realizing your potential. While many trading psychology books offer sound advice, they don ' t show you how to do the necessary work. That ' s why you haven ' t solved the problems hurting your performance. With straight talk and practical solutions, Jared Tendler brings a new voice to trading psychology. In The Mental Game of Trading, he busts myths about emotions, greed, and discipline, and shows you how to look past the obvious to identify the real reasons you ' re struggling. This book is different from anything else on the market. You ' ll get a step-by-step system for discovering the cause of your problems and eliminating them once and for all. And through real stories of traders from around the world who have successfully used Tendler ' s system, you ' ll learn how to tackle your problems, improve your day-to-day performance, and increase your profits. Whether you ' re an independent or institutional trader, and regardless of whether you trade equities, forex, or cryptocurrencies, you can use this system to improve your decision-making and execution. Finally, you have a way to reach your potential as a trader. Now ' s the time to make it happen.

In this book the author of How I Made \$2,000,000 In The Stock Market present an analysis of the road to success that does away with the myths that have surrounded this subject for so long.Like most good ideas, Darvas's is simple, and is key lies in the Power of Positive Selfishness. The Anatomy of Success grew out of the author's own experiences and observations, and his own life was changed when he applied his theories to himself. His exciting and inspiring book is certain to change lives of many others.
