Answer by jrrysimmons. There should be a large nut a lockwasher a hook and screw to hold the hook in place. Remove everything from the shaft of the lock. put the shaft through the hole screw down the lockwasher and nut attach hooks in a position so it catches the lid when the key is in lock position. Super simple.

from the elements. Through a Harley-Davidson dealer, you can find a Harley brand windshield made specifically for your Fatboy model.

How to Install a Harley Windshield on a Fatboy | It Still Runs

Lightly lubricate with a small amount of Harley Lube (Part No. 94968-09) or silicone grease. Install the catch spring and catch into the lower latch (4) chamber. Install the latch cover, and press the catch release button (D) against the spring to verify proper operation. Install the lower latch assembly per the original installation instructions.

Harley-Davidson

Remove the derby cover from the primary chaincase cover, using a Torx driver. Fill the primary chaincase with one quart of Harley-Davidson primary chaincase fluid. Reinstall the derby cover and loosely screw the Derby cover bolts into place. Tighten the bolts to 6 foot-pounds, alternating between bolts in a crisscross pattern.

How to Install a Stator on a Harley Davidson Soft Tail ...

Route the wire to the magneto location, or to the coil, if so equipped. Leave enough wire to connect to the "trigger" side or negative post on the magneto. Do the same for the negative terminal for a coil. Cut off the excess wire. Crimp a wire eyelet on the green wire with the wire strippers.

Harley Manual 9: How to Wire a Harley Tachometer

In this tutorial video made by bikers for bikers, we teach you how to install forward controls on a Harley-Davidson Softail or Dyna model. It's fair to say the video will work for any 2000 to present models, but will likely work for earlier models too. The project has remained the same over the years.
