The Autumn of the Middle Ages, The Waning of the Middle Ages, or Autumntide of the Middle Ages (published in 1919 as *Herfsttij der Middeleeuwen* and translated into English in 1924, German in 1924, and French in 1932), is the best-known work by the Dutch historian Johan Huizinga. Its subtitle is: "A study of the forms of life, thought and art in France and the Netherlands in the fourteenth and fifteenth centuries".

The Autumn of the Middle Ages - Wikipedia

Huizinga had an aesthetic approach to history, where art and spectacle played an important part. His most famous work is *The Autumn of the Middle Ages* (a.k.a. *The Waning of the Middle Ages* and as *Autumntide of the Middle Ages*) (1919). Worthy of mentioning are also *Erasmus* (1924) and *Homo Ludens* (1938). In the latter book he discussed the possibility that play is the primary formative element in human culture.

The Waning of the Middle Ages is cultural historian Johan Huizinga ' s fascinating examination of late medieval society. Huizinga paints a portrait of the conventions and customs of life in the fourteenth and fifteenth centuries as they reflect an autumnal waning—herfsttij—of the Middle Ages ' ideals. Considering theology and mysticism, politics and statesmanship, poetry and painting, marriage and love, Huizinga presents this period in France and the Netherlands as a death of an age ...

Decline, decay, death: no image conjured by Johan Huizinga ' s Herfsttij¹ has proved to be as enduring as that of a withering medieval civilization, wasting away in the late fourteenth and fifteenth centuries, in no small part because of the titles by which the book was known in its first English and French translations: The Waning of the Middle Ages (1924) and Le déclin du Moyen Age (1932). Applied to the religious sphere, the vision of an atrophied culture merged almost seamlessly with ...
