It's been three months since the revolt against the Commander's fifty-year old regime failed. Yet, no one's safe. Lexi and Cole are trying to gather a network of supporters, but with Wilson now in control, the Hole is getting worse. Can anyone be trusted? Lexi and Cole soon find out, as life takes an unexpected turn for the worst. In this ever-changing world, you must hunt or be hunted. LIVES WILL BE LOST. DREAMS WILL BE CRUSHED. FEARS WILL BE REALIZED. SECRETS WILL BE EXPOSED. One capture changes everything.

Fifty years ago The Commander came into power and murdered all who opposed him. In his warped mind, the seven deadly sins were the downfall of society. To punish the guilty, he created the Hole, a place where sinners are branded according to their sins. Sinners are forced to live a less than human existence in deplorable conditions, under the watchful eye of guards who are ready to kill anyone who steps out of line. Now, LUST wraps around my neck like thick, blue fingers, threatening to choke the life out of me. I've been accused of a crime I didn't commit, and the Hole is my new home. Constant darkness. Brutal and savage violence. Excruciating pain. Every day is a fight for survival. But I won't let them win. I will not die in the Hole. I am more than my brand. I'm a fighter. My name is Lexi Hamilton, and this is my story.

Liberated is the thrilling conclusion to Lexi

Journeying to the forests of Eura to confront another hidden Great Beast, four young heroes whose rare spirit animal bonds have shaped their quest to save the world are shatteringly betrayed by a familiar face. By the award-winning author of *The Scorpio Races*.

Four children separated by vast distances all undergo the same ritual, watched by cloaked strangers. Four flashes of light erupt, and from them emerge the unmistakable shapes of incredible beasts - a wolf, a leopard, a panda, a falcon. Suddenly the paths of these children - and the world - have been changed for ever.

"It's not a process," one pastor insisted, "rehabilitation is a miracle." In the face of addiction and few state resources, Pentecostal pastors in Guatemala City are fighting what they understand to be a major crisis. Yet the treatment centers they operate produce this miracle of rehabilitation through extraordinary means: captivity. These men of faith snatch drug users off the streets, often at the request of family members, and then lock them up inside their centers for months, sometimes years. *Hunted* is based on more than ten years of fieldwork among these centers and the drug

users that populate them. Over time, as Kevin Lewis O'Neill engaged both those in treatment and those who surveilled them, he grew increasingly concerned that he, too, had become a hunter, albeit one snatching up information. This thoughtful, intense book will reframe the arc of redemption we so often associate with drug rehabilitation, painting instead a seemingly endless cycle of hunt, capture, and release.

Temptation has quickly turned into addiction. Penny fell hard for her mysterious professor, but secrets have torn them apart. After all, scandalous affairs are meant to go down in flames. Now that he's not speaking to her, she feels numb. And what hurts the most is that he appears to be completely fine. As she struggles to accept that their relationship is really over, her best friend's crude advice is in the back of her mind- the best way to get over someone is to get under someone else. Will she be able to move on, or is her addiction to her alluring professor only just beginning?

The team heads to the forests of Eura, where another Great Beast is hidden.

As Grace hides the vast depth of her love for Sam from her parents and Sam struggles to release his werewolf past and claim a human future, a new wolf named Cole wins Isabel's heart but his own past threatens to destroy the whole pack.
