All styles come fronted with glass and framed in the recommended frame.

Available together for the very first time, these are the first three crime novels in the inimitable Bob Skinner series by Quintin Jardine. Skinner's Rules As head of Edinburgh's CID, Detective Chief Superintendent Bob Skinner has seen it all... but even he is shocked by the savagely mutilated corpse discovered in a dark alleyway. Further random killings in the city suggest a vicious serial killer is on the rampage. But when the first victim's fiancée is also murdered, Skinner realises that someone is in deadly earnest... Skinner's Festival An explosion rocks Princes Street in the midst of the Edinburgh Festival.

Responsibility is claimed by a group supposedly demanding political separation from Britain, but as atrocities escalate Skinner realises this is no gang of fanatics, but a highly professional team. And he is forced to assemble a crack task force, carry the ball when the government fumbles on the air, and wrestle with the beast within, who emerges with periodic ferocity to foil a clever, greedy scheme involving the crown jewels and Skinner's own daughter. Skinner's Trail First the joyous birth of Skinner's son... Then the grim reality of murder in one of Edinburgh's prosperous suburbs. As the murder investigation continues without result, it seems the killer was particularly cunning in covering his tracks - leaving no clues or leads to pursue. But then another seemingly minor crime takes Assistant Chief Constable Bob Skinner in a new direction, along a tortuous and bloody trail.

Edinburgh's hardest cop hunts a serial killer... The book that launched a legend: Skinner's Rules is the first novel in the bestselling Bob Skinner series by acclaimed author Quintin Jardine. Perfect for fans of Ian Rankin and Peter James. 'Remarkably assured novel... a tour de force' - New York Times As head of Edinburgh's CID, Detective Chief Superintendent Bob Skinner has seen it all... but even he is shocked by the savagely mutilated corpse discovered in a dark alleyway. The victim is identified as a successful young lawyer, and the motive for the brutal death remains a mystery. Then further seemingly random killings in the city begin to suggest a vicious serial killer is on the rampage. But when the lawyer's fiancée is also murdered, Skinner realises that someone is in deadly earnest... What readers are saying about Skinner's Rules: 'Quintin Jardine is by far the best author of crime fiction I have ever read' 'Brilliant book, with strong characters who are likeable and believable. Well worth reading if you like crime thrillers that keep you on the edge of your seat' 'Quintin Jardine starts to build the rich character of Bob Skinner from the start, capturing the quintessence of both Edinburgh and a crime investigation... You'll pick it up and not put it down'

Why are there so many Italian hairdressers and Chinese restaurants in Glasgow? Who's more Glaswegian: an Irishman, a Highlander or a Pole? Whos city is this anyway? For the past 200 years, immigrants to Glasgow have found prosperity and poverty in its streets and closes. Mary Edward investigates their history, and the contribution they have brought to the city. With clear-sighted social analysis and an impressive assembly of historical evidence, Edward weaves a vivid tapestry of the many peoples and cultures that have created contemporary Glasgow. The staggering diversity of languages, religions and ethnicities is no new phenomenon in this city on the Clyde. Today's Glaswegians are the children, grandchildren and great-grandchildren of yesterday's incomers, all of whom have chosen this great Scottish melting pot as their own. This book will be an education and a delight to generations of Glaswegians - and all those proud to belong to Glasgow.

Glasgow's current status as a cult city with a worldwide reputation for chic clubs and hip hotels is deserved, but its humble origins lie in the medieval town based around the High Street and in the numerous villages which once lay outside the city boundaries. As the city spread these communities, such as like Anderston and Partick, were consumed and the social conditions within them gradually altered. This book charts these changes through eye-witness accounts drawn from archives and the local presses. Rudolph Kenna and Ian Sutherland start this accessible social history in 1751 with a report on a flea circus presented by John Jarvis in a flat in the Trongate. Many of the entries from then on reflect the myriad activities and happenings that occurred in all walks of life on the banks of the Clyde. Which city MP was a spanker? What did Mr Wong Chong do in 1959? What did debs do in Rose Street? Why did Edward Helley fiddle his gas meter? Who were the Romeos? Who ate 19 pies and went home for his tea? And many of them reveal the sheer hardship of life all those years ago. In 1774, a New York gentleman wrote to a friend in Glasgow, describing the arrival of the brig Nancy, carrying evicted Highlanders from Sutherland to America. Emigrants had been 'treated with unparalleled barbarity'. Nearly 100 died during the voyage. Of 50 babies and infants, 49 were dead. Of seven women who gave birth on the ship, only one was alive. All new-born babies died. The captain 'narrowly escaped the vengeance of the law' by leaving port 'with his vessel in the night.' This is the history of Glasgow from an everyday point of view, written from the bottom up.

In his last book, The Real Gorbals Story, Colin MacFarlane detailed how he witnessed a once great area, home to wonderful characters and grand old buildings, disappear before his eyes. By the time MacFarlane's tenement was knocked down in the early 1970s, he had left school and been rehoused in

another part of the city. In an attempt to extricate himself from his Gorbals gang days, he took a job as an apprentice chef at one of Glasgow's top restaurants, where he soon discovered that his colleagues were just as insane as those he had mixed with on the city streets. Meanwhile, MacFarlane struggled to integrate into the more affluent area that his family had been moved to and soon found himself returning to his old haunts and back in trouble again. In *No Mean Glasgow*, MacFarlane charts his eventful, fun-packed passage from Gorbals street boy to grown man on the brink of a new beginning. He describes his adventures with a mixture of humour, sadness and delight. It is a book for those people living all over the world who remember the old Glasgow - a city teeming with warmth, passion, patter and characters who could brighten up even the darkest of days.

This very personal account provides unique insights into the training and life of a dedicated Obstetrician and Gynaecologist. There are also fascinating accounts relating the history of the profession. Dr. Miller underwent extensive training both in Australia and overseas prestigious institutions. In addition to delivering well in excess of fifteen thousand babies in his private practice, in his long career he was responsible for numerous thousands more in his roles as medical superintendent of the then largest maternity hospital in the state and specialist consultant in charge of units in large teaching hospitals. He was also a specialist surgeon. The book is eminently readable and although there are descriptions of obstetric procedures and surgical operations it is certainly not a medical text. His credo; – to be a good doctor one needs knowledge, proficiency in his craft, compassion and humility. Otherwise he will be merely skilled. “ While Dr. Miller ’ s reminiscences are bound to interest his peers and medical colleagues, they are written with a great deal of wit, verve and charm, and make fascinating reading for the layman. The author ’ s lightness of touch makes the memoir accessible and easy to read, and while he deals with many topical issues (I found the recollection of his experience in delivering one of the first Thalidomide babies deeply moving), these moments are balanced by Dr. Miller ’ s obvious pride in his profession, and his delight in sharing many amusing anecdotes along the way. No reader can close the final page without the feeling an enormous debt of gratitude to those who have worked so tirelessly in this field to ensure our own or our loved ones ’ safety during pregnancy and childbirth.” —Annette Gilbert, *The Raven ’ s Parlour Bookstore*

By turns heartbreaking and hilarious, this intimate biography of the British comic is “ a triumph of the will, an Angela ’ s Ashes with punch lines ” (Publishers Weekly). One of the UK ’ s most beloved stand-up comedians, Billy Connolly is recognized around the world for his HBO comedy specials and roles in movies like *The Boondock Saints* and *Lemony Snicket ’ s A Series of Unfortunate Events*. An inspiration to generations of British comedians, including such stars as Eddie Izzard, Billy is known simply as “ The Big Yin ” in his native Scotland. But his road to success was anything but easy. Abandoned by his mother in a Glasgow tenement, abused by his father and the cruel aunt who became his caretaker, he would seem to have little chance of survival let alone meteoric success. Billy, the revelatory, poignant, and wildly entertaining biography is written by the woman who knows him best—his wife. Pamela Stephenson, a clinical psychologist, takes us through the heartbreaking and hilarious life of this comic legend, providing an intimate window into what made him the man he is today.

Glasgow is burning after a series of racially motivated murders, and it ’ s up to Detective-Sergeant Lou Perlman to put out the fire in international bestselling author Campbell Armstrong ’ s riveting thriller *First* an Asian business owner falls to his death from his sixth-story apartment. Next an Indian woman, a kindergarten teacher, is shot dead. Meanwhile, Detective Perlman grieves quietly for his brother, killed in a hail of gunfire, and wrestles with his attraction to his sister-in-law, Miriam. There is no rational motive for the killings—none except pure racially driven hatred. With the emergence of a group called *White Rage*, fear ripples through the city and Perlman has to get answers fast. As he looks beneath the bright surface of the city where he was born, he finds longtime enemies, dangerous businessmen, and ancient connections that will disturb and threaten the wrong people when their secrets are finally revealed. *White Rage* is the 3rd book in the *Glasgow Novels*, but you may enjoy reading the series in any order.

THIS BOOK IS A PERSONAL JOURNEY FROM INDIA, VIA SCOTLAND, PAPUA NEW GUINEA, AUSTRALIA, SOLIMON ISLANDS, SAUDI ARABIA AND BACK TO SCOTLAND. IT HIGHLIGHTS MY WORKING AND PERSONAL LIFE AS AN OBSTETRICIAN IN A PRIMITIVE SOCIETY TO THE RELATIVELY SOPHISTICATED IN SAUDI ARABIA BEFORE RETURNING TO SCOTLAND.
