The text's efficient format does not overwhelm students, and its accessible style provides an alternative to more encyclopedic, reference-book approaches. The book offers a blend of the core concepts of accounting principles with procedural applications. This approach is supplemented with the most expansive set of end-of-chapter material on the market, a thorough integration of today's hot topics, and a robust selection of student and instructor print and online resources. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

INTERMEDIATE ACCOUNTING, 11e, INTERNATIONAL EDITION provides the perfect combination of professional language and vibrant pedagogy to facilitate the transition from financial principles to the larger environment of financial reporting. To prepare students for professional accounting careers, the text's comprehensive coverage of GAAP and discussion of IFRS is clearly and consistently presented throughout the text. This coverage complements the authors' insight, which is in both the in-text commentary and the fully coordinated, author-written end-of-chapter material.

The text's efficient format does not overwhelm students, and its accessible style provides an alternative to more encyclopedic, reference-book approaches. Adopts a user/decision-making approach, combined with the necessary coverage of GAAP, to help you understand accounting in terms of what goes on in an actual business. The book blends the core concepts of accounting principles with procedural applications. An expansive set of end-of-chapter material helps you prepare for exams.

Intermediate Accounting: IFRS Edition provides the tools global accounting students need to understand IFRS and how it is applied in practice. The emphasis on fair value, the proper accounting for financial instruments, and the new developments related to leasing, revenue recognition, and financial statement presentation are examined in light of current practice. Global Accounting Insights highlight the important differences that remain between IFRS and U.S. GAAP, and discuss the ongoing joint convergence efforts to resolve them. Comprehensive, up-to-date, and accurate, Intermediate Accounting: IFRS Edition includes proven pedagogical tools, designed to help students learn more effectively and to answer the changing needs of this course.

This text presents accounting from the perspective of the essential activities of business: operating, investing and financing. Learners should see accounting as it is in the real world - an essential component of the management function and decision-making process.
