This book on general bank management provides a systematic and comprehensive overview of modern management practices in banks with emphasis on international banking, human resources management, technology management and marketing management. It is an encyclopaedia of management practices from the point of view of practitioners of banking. The book is based on the rich experience of authors, who are well known in both the academic world and banking. Though the book is mainly oriented towards banking sector, it would also prove useful to students of management.

Retail Banking has become a very important component in the business mix of banks. Retail Banking offers multiple comfort factors for banks to do business. Large and divergent customer base across income segments offers huge scope for banks to develop and

This book is a practical handbook that takes the reader through accounting and financial techniques in an easy-to-follow, progressive way. In this new, easy-to-read format, recent and developed concepts are introduced in a non-specialist context, intended
