Learning Computer Programming Using Java with 101 Examples Oracle Brings Code to Kids. By Roger Smith. The hands-on coding fair JavaOne4Kids, held the day before the kickoff of JavaOne in San Francisco, introduced a happy throng of children to the joys of learning to develop computer games and program robots. Volunteer computer professionals led sessions on a range of topics, including child-friendly beginner-level programming languages like Scratch and Alice, as well as moderately more complex ones like Greenfoot.
