Three research scientists and a Forest Ranger have committed their time and energy to spend the summer in eastern Washington State in the great northwest searching to prove or disprove the myth surrounding Bigfoot. None of them believe that it will lead to more than a few scant clues and only meager evidence that will merely carry on the folklore. That is until they stumble upon hard evidence of the creature through a series of events that will not be easy

for them or you to accept as factual. Not only is the myth of Bigfoot tackled head on but answers to such questions as UFO (Unidentified Flying Objects), crop circles, cattle and horse mutilations and the question of “are we alone in the universe” are examined and illuminated. A strange rescue mission is asked of the team but all along they must contend with the harassment of disgraceful journalists, whose mission is not necessarily the truth. The team must deal with world governments and the U.S. military who are in the middle of things for their own purposes causing the situation to become even more convoluted. Scavenger star races are set to invade but no one believes the team and they have nowhere to turn for help until a “special friend” lends some assistance in hopes of saving the people of the entire planet. The Answer is excitement, humor, love and startling revelations that will keep you interested to see what happens next. You will have to decide for yourself if this is a work of science fiction or a factual account of an elaborate cover-up.

After the bodies of Sue Murphy and Steve McElroy are exhumed, a tiny needle puncture wound is found on the left arm of Steve McElroy, while signs of strangulation are evident on the neck of Sue Murphy. What previously had been reported as two independent deaths from natural causes is now being considered second-degree murders, punishable by life imprisonment. This change of opinion directly conflicts with what previously seemed to have been an unshakable premise. Were the original police investigation and medical report composed of half-truths and shadowy suppositions resulting from incompetence? Were lies purposely told to conceal the truth? Were there other suspects not investigated? What really happened? This is fiction, but is so powerful it could be real. You will admire some of the characters while despising others. When you think you’ve figured out what is going on, you realize there are other clues that dangle, screaming to be told. Then, when you add to the mix the card of love, you realize that what you thought was true no longer is. The final riddle’s answer is up to you.

Teaching Online: A Practical Guide is an accessible, introductory, and comprehensive guide for anyone who teaches online. The fourth edition of this bestselling resource has been fully revised, maintains its reader-friendly tone, and offers exceptional practical advice, new teaching examples, faculty interviews, and an updated resource section. New to this edition: entire new chapter on MOOCs (massive open online courses); expanded information on teaching with mobile devices, using open educational resources, and learning analytics; additional interviews with faculty, case studies, and examples; spotlight on new tools and categories of tools, especially multimedia. Focusing on the "hows" and "whys" of implementation rather than theory, the fourth edition of Teaching Online is a must-have resource for anyone teaching online or thinking about teaching online.

A novel of subtle suspense and creeping tension, A Case to Answer is effortlessly crafted crime fiction, in which human weakness and vulnerability lead to secrets, lies and tragedy. The day Jerry Hunt meets Charlotte Frost is the day he decides to abandon his rebellious, criminal ways. Despite the fact that Jerry's been to prison and has vowed never to return, he continues to run a successful scam with his friend Pete in which Jerry sweet-talks a homeowner at the front door, while Pete breaks in at the back. But the day Jerry enters Charlotte's house, he sees something in her smile that makes him determined to stay clean. In many ways, Charlotte, too, would like to leave her past behind and start over. Widowed after two years of marriage to Rupert, she is faced with the distrust and suspicions of her departed husband's family. But when Rupert's troubled granddaughter, Imogen, needs a place to stay, Charlotte agrees to take her in. Jerry soon befriends Imogen, and with her help he persuades Charlotte to let him renovate her garden. As their lives become more and more entangled, lies and deceptions from both their pasts begin to surface, and on a night none of them will ever forget, Charlotte disappears. "Although a very light

mystery, the book is well weighted with superb plotting and in-depth personalities. This is a work of impressive quality in the genteel English tradition ... "
- Publishers Weekly

Two science fiction masters—Jack McDevitt and Mike Resnick—team up to deliver a classic thriller in which one man uncovers the hidden history of the United States space program... “Houston, we have a problem...” Formerly a cynical, ambitious PR man, Jerry Culpepper finally found a client he could believe in when he was hired as NASA’s public affairs director. Proud of the Agency’s history and sure of its destiny, he was thrilled to be a part of its future. But public disinterest and budget cuts changed that future. Now, a half century after the first Moon landing, Jerry feels like the only one with stars in his eyes. Then a fifty-year-old secret about the Apollo XI mission is revealed, and he finds himself embroiled in the biggest controversy of the twenty-first century, one that will test his ability—and his willingness—to spin the truth about a conspiracy of reality-altering proportions...

A collection of brain teasers, puzzles, optical illusions, IQ tests, trivia challenges, and math tests designed to help people improve their brain power.
